U.S. MASTERS TRACK & FIELD RANKINGS FOR 1989

$6.00

The 1989 U.S. Masters Track & Field Rankings Book is a compilation of the work done by volunteer compilers. They donate time and incur expenses so that athletes can see how their performances and those of their competition stack up for the year.

For their efforts in making this book possible, I would like to thank the 1989 compilers: Larry Patz of New Hampshire; Jerry Feldhausen of Wisconsin; Charles Mercurio and Tami Graf of California; Phil Brusca of Missouri; Ann Diaz of Pennsylvania; Dr. Glen Peterson of South Dakota; and William Benson, Kathy Pierce, and Barbara Stewart, all of New York.

A special thanks should go to The Athletic Congress Masters Track & Field Committee, who, under the leadership of Jerry Donley, past chairman, and Barbara Kousky, present chairman, has provided funds for rankings compilation and the publication of this book.

Another acknowledgement is due to Al Sheahen, editor and publisher of the National Masters News, and Jane Dods, assistant editor, for their contributions of time and effort in helping to sort out data.

All but one of the field event rankings are in meters, which save a tremendous amount of time for compilers because they do not have to convert from feet-inches. Also, meter marks are easier to deal with in terms of sorting, typing, and printing because column space is limited. A shot put mark of 36-11 3/4 uses nine spaces; its equivalent in meters, 11.27, takes up five. At least 75% of the meter marks had to be converted. Athletes should encourage meet directors and event officials to use meter marks for field events submitted to the National Masters News.

The shot put and hammer rankings in the older age-groups are again suspect because some athletes continue to throw the traditional lighter implements in non-TAC-sanctioned meets. From experience, I know that is almost impossible to convince throwers to abandon the lighter weights in an event, especially if the entry form listed them and only one or two correct implements are available. If competitors in an event decide to throw the non-TAC/WAVA implements, then the results should indicate so.

In last year's book, foreign athletes, mostly Canadians and Mexicans, were literally ruled out. This year and in the future, non-U.S. athletes who compete regularly in U.S. meets will be identified by country, when possible.

The weight throw includes both indoor and outdoor marks, which, according to some weight throwers, makes sense because in most indoor meets, the weight is thrown outdoors.

Corrections to the rankings should be sent to the National Masters News. They will be published in this year's November or December issue.

NATIONAL MASTERS NEWS

Subscription Form

The *National Masters News* is the official world and U.S. publication for Masters track & field, long distance running and race walking.

Masters competition is sponsored worldwide by the World Association of Veteran Athletes and in the USA by The Athletics Congress. The *National Masters News* gives you information that's available nowhere else: schedule information, meet and race results, training advice, race and meet stories, profiles, photos and articles by the top Masters writers in the nation. It's the best — if not the only — source of world, national, regional and local Masters information.

The *National Masters News* is only $22 a year for 12 information-packed issues. Or you can take advantage of our special two-year rate of $41 — a 24% savings off the single-copy price. A 3-year subscription saves 27%.
