# RESULTS of the first WORLD MASTERS TRACK and FIELD CHAMPIONSHIPS

August 11-17th TORONTO CANADA

## FOREWORD

This book contains the complete results of the first World Masters Track and Field Championships held in Toronto, Canada, from the 11th to the 17th of August, 1975. With over 1,400 entrants and 5,000 individual starts, this was the largest track and field meet ever held in North America. At least one event, the Marathon, was the largest ever to have taken place in Canada.

Inspired not only by the scope of the Meet, the unique spirit of all the competitors and the enthusiasm of the crowd, the winners rang up ten new Masters World records, 53 new Canadian Masters Open records and thirty Canadian Masters Native records. Doubtless there are more than these as we do not have Masters records for Walking events or Ladies' events to hand.

Those who attended will realize that, important as the printed results might be, they are only the bare bones of the real results. Who will forget Hal Higdon's leap for joy as he won that great steeplechase race from Doug Worling and Jim MacDonald? .....or surely the most competitive of all Masters races ever held was the Class 1A 800 Metres when eleven runners ran shoulder to shoulder the whole distance and it was anyone's race right to the tape. Or who will forget Alby Thomas, Roy Fowler, Jack Greenwood, Dick Stolpe, Al Guidet, Theo Orr, George McGrath, Manfred Garbisch, Ken Carnine, Bill Fitzgerald, Thedde Jensen, the Tartan Flash or any of the ladies? (That got me out of trouble, didn't it?) Most memorable of all, who will forget his own effort in this thrilling event?

There was a number of multiple medal winners and pride of place must go to Theo Orr (Australia) and Al Guidet (USA) who each won four gold and one silver, closely followed by Anne McKenzie (South Africa), Jack Greenwood (USA) four gold medals each and Ken Carnine (USA) three gold and two silver. However, whether you returned home bemedalled or with just the fond memory of having taken part in what will undoubtedly become important history, each one of you is surely a winner.

Away from the scenes of competition, other important events took place. At an open meeting held in Convocation Hall at the University of Toronto, with representatives from numerous countries present, the World Masters Track and Field Association was born. An elected Steering Committee has been charged with the task of proposing the scope and structure of the Association. The Committee comprises:

Chairman - Jack Fitzgerald (England) Maeve Kyle (Northern Ireland)  
Sec Treas - Don Farquharson (Canada) Bob Fine (USA)  
Comm Members - David Pain (USA) Ian Hume (Canada)  
Wal Sheppard (Australia) Konrad Hernelind (Sweden)

At this meeting another important decision was made - the acceptance by the members at large of the offer of the City of Gothenburg, Sweden, to host the second World Masters Track and Field Championships in 1977. An address embodying this offer by Brigadier General Bjoern Lindskog appears elsewhere in this booklet.

It has been a considerable, hectic, pleasurable, exciting experience to have staged this Meet and, looking back even as time goes on, I believe it will always be a momentous one. See you in Sweden in 1977!!

Vice Pres - Elwyn Davies

FRONT COVER Some of the outstanding performers at the Meet. Top left, Theo Orr (Australia) Class 2A, who won 4 gold and 1 silver medals. Top right, the versatile and determined Al Guidet (USA) who equalled Orr's feat in Class 2B. Lower left, Jack Greenwood (USA) a great athlete en route to one of his 4 Class 1B gold medals and lower right, Roy Fowler (England) who displayed absolute mastery in 3 of the Class 1A distance events.

Speaking for Scandinavia - Brigadier General Bjoern Lindskog, Sweden, former Military Attaché in Washington and Ottawa.

In a sharp curve on a narrow path high up in the mountains, with a precipice at one side and vertical cliffs on the other, a Canadian met a huge grizzly bear. He went down on his knees, folded his hands and begged; "Dear God, I don't disturb you very often, I must admit, but now I have a prayer for you: Please stay neutral and I'll give you a hell of a show."

That is how many of we Scandinavians have imagined the Canadian, and that picture has partly been confirmed by some ice hockey players visiting us, where we have played the role of grizzly bear.

Well, now we know better, and we still think it was a grand idea when we let a Scandinavian Viking discover Canada and give it to you. Don't you agree? You are welcome!

On behalf of the Scandinavian participants in the Track and Field Championships, it is my honour to express to our Canadian hostesses and Hosts our sincere gratitude for all the hospitality, friendliness and help we have met during these competitions.

They have been carried out without any serious difficulties and, as a matter of fact, we were happy enough to have quite a few winners and also a number of seconds and thirds.

For the Scandinavian participants, most of them visiting Canada for the first time, Toronto and its surroundings have been quite an experience, first of all because of the heartiness we have met everywhere.

Finally, I will tell you that we have founded a Scandinavian Veteran Committee to improve and stimulate the veteran sports. The Chairman is Mr. Alan Scott, leader of the team here today.

And now we invite you all to the World Championships in Gothenburg in 1977, which also may include veteran competitions in soccer, tennis and bicycling, economically guaranteed by us.

The representatives of the City of Gothenburg have specially asked me to tell you how much they are looking forward to your visit. It is also possible that we may arrange further competitions in Stockholm after the World Championships.

So, a most hearty welcome in Sweden in 1977. But be careful! Next time we are going to sharpen our claws.

Thank you.

## PLAUDITS

We have received a considerable number of complimentary letters, far more than we could possibly answer individually. We would therefore like to take advantage of this booklet to acknowledge them and express our appreciation. These letters alone have made the whole effort well worth while.

## "OTHER RESULTS"

There were more 'results' than just the times and distances. For example, we believe there was a whole lot of fun and a general feeling that it was worth doing.

But that's belief rather than knowledge, because to those of us behind the scenes, the problems were more obvious than the successes. So another 'result' was an awareness of the difficulties that arise in an event of this sort and some idea of how to avoid them. Naturally, we will pass this knowledge on as appropriate, but there are matters in which the competitors themselves can make a significant contribution and we, therefore, take this opportunity (our last) of sharing our experience with all of you.

June 1974

With much enthusiasm and some trepidation, an embryo control committee met to bring to actuality the project embarked on a year earlier by David Pain, Don Farquharson and the C.N.E., and on which much work had already been done by Don and Elwyn, with Ken Hignell already becoming administratively indispensable.

We were in trouble immediately. The C.N.E. track wasn't going to be available and you can't find a much more fundamental problem than that if you're putting on a track meet! We settled on Etobicoke and although the track surface eventually turned out to have some undesirable characteristics, and we had headaches getting to and from it, perhaps our choice was justified after all. Obvious conclusion --- make certain of your track and location before you start!

Remainder of 1974

The complexities unfolded before us.

The structure and composition of the committee were in a state of flux.

In October we immersed Wal Sheppard in the creek in Sunnybrook and John Young began to get nasty ideas about the cross-country course.

Sources of money came in sight and so did ways of spending it.

About this time, we ran into the professional/amateur mess. To us, competition was only a means to the end of fitness, providing motivation to train and keep training. Certainly it also provided an emotional outlet to some intensely competitive souls, whose performances were often wonderful and inspiring, but we were more interested in encouraging others to discover the personal benefits we had ourselves realised. How many 'fitness' buffs fell by the wayside for lack of a personal goal or of encouragement from others or of satisfaction in measurable achievements? As far as we were concerned, anyone over the age of forty wishing to stay fit and enjoy competition with his peers should be able to do so. How many fine athletes would like nothing better than to return to the track for fitness and enjoyment but were debarred from doing so? If rules were justified for open competition, must they be automatically applied to over-forty running?? Surely we can all make an effort to persuade amateur athletic governing bodies to withhold such regulations from our closed events, to which they are quite inappropriate. Perhaps a higher entry fee can be levied from non-cardholders.

The minutes of every meeting now ran into several pages.

Ken Twigg lassoed into Meet Directorship, causing a sigh of relief!

Meet organisation now being put on a sound legal footing.

Still nowhere to hold a banquet.

Still nowhere to run a marathon.

Meet being publicised around the world.

Christmas.

1975

A banquet hall chosen, which then became mysteriously unavailable.

And so on and so on. Reading our notes again now is an experience in itself!

Budget getting bigger. Accountant hired.

Not enough beds available on campus!

Closing date for entries set for July 1st. Now here's a point worth discussing. Our administrative difficulties in the period of the meet arose in large part from our inexperience, but they were

gravely compounded by late entries. As of the closing date, only half the entries had arrived and the peak load of 300 entries in each of two successive days was still to come. Remember that these were multiple entries, with accommodation requests too. We finally had to cut off on July 11th and later refuse about 250. Even doing that, we almost lost the battle. So, for the sake of the next organisers and your fellow competitors — please — get in ahead of the closing date and don't leave it to someone else to do it on your behalf!

Then the scramble really began. We had failed to anticipate the volume of work, but willing hands carried us through. Then we nearly foundered again when faced with the physical presence of our visitors. Just names and numbers up to then, but now pouring in — all individual and different in so many unexpected ways, except three — you were healthy, happy and tolerant — we were saved !!!

Then, coming off the last bend, with the tape in sight, we were boxed in again. Having encountered every other imaginable and unimaginable situation in the preceding months, we were now enmeshed in international politics, with the entire nature of the meet threatened. So one last decision was necessary.

We would like to give you a full account of that decision, but since the matter is still 'sub judice', we must refrain from doing so. Suffice to say that the vote was influenced by long term considerations and that our decision will have been worth something only if those attending future meets do so as private human beings with a wish to contribute only their own fellowship and effort and do not bring with them political, nationalistic, biased or aggressive attitudes contrary to the spirit of the occasion. We may yet be able to look around in 20 years time and see that we have preserved the 'fitness and participation' value of age-group competition and so have set a worthwhile example.

As we said when you arrived:

Good luck to all of us!
