Andersen Leads Masters in Freihofer's 10K

Gabriele Andersen, 41, a Swiss citizen who resides in Sun Valley, Idaho, was in charge of the masters race throughout the whole course in Freihofer's 10K Run For Women in Albany, N.Y., on May 17 and finished in 35:31. Excessive humidity and an unseasonably high 80° temperature took their toll on Andersen, who was helped through the finish chute. Andersen is most widely-remembered

for her staggering finish in the 1984 Olympic marathon.

Angella Hearn, 40, of New York, N.Y., was the second master in 36:15, and Shirley Matson, 45, of Solana Beach, Calif., took third place in 36:41.

Anny Stockman, 53, of Rensselaer, N.Y., won the 50-54 division in 40:49. Toshiko d'Elia, 56, of Ridgewood, Continued on page 13

1000 to Compete in Nationals in New York

As many as 1000 athletes, age-30and-up, will compete in the 19th annual U.S. TAC National Masters Track and Field Championships on July 18-20 at the Mitchell Athletic Complex in Uniondale, Long Island, New York.

> New World and U.S. Track & Field Age-Group Records — pages 19-26

Because of the population density of the East Coast, the low airline fares to New York from most cities, and the growing interest in masters athletics, the largest turnout in the history of the championships is expected. (The previous high was 702 in Houston in 1983.)

The Mitchell Field complex is firstrate, with low-cost dorms available to participants at nearby Hofstra U. at \$20 per night. The Marriott Hotel — a half-mile from the track — will serve as

Atlaw and Judy Play it Again at Cotton Row

by JIM OAKS

For the first time in the seven-year history of the Cotton Row Run 10K, both the male and female master title holders successfully defended their crowns in the May 26, Memorial Day run in Huntsville, Alabama.

Atlaw Belilgne, a mathematics professor at Texas Southern University in Houston, ran 32:12 through a light rain for his second straight title, and Judy Pickert became the first female master to win this race for a second time with a 39:35. Each was awarded \$150 for the win; 2nd and 3rd overall master finishers received \$100 and \$50, and the 50-&-over winners took home \$75.

In winning his second straight Cotton Row, Belilgne joined Herb Lorenz and Dan Conway in the record books as double winners of this noted masters competition. Conway gave the Ethiopian native his closest competition this year, running 32:13, only one second off Belilgne's winning time.

Belilgne, who will be moving to Staten Island this summer to teach at a branch of St. John's University, said, "Conway ran a tough race. He came up on me during the last half of the race and made me run a little harder than I would have liked right at the end."

For Pickert, the victory margin was wider, although the Yorkstown Heights, N.Y. resident said the race this year was harder than last. "My hamstring had been bothering me since the previous Thursday, and I almost dropped out. This weather (rain and 65 degrees at the start) is nice, and I like running in it, but it is hard to keep your legs warm and mine were starting to tighten up. I seriously thought about dropping out around the two-mile mark, but then I decided to push Continued on page 29

Conley Sets New American Javelin Record

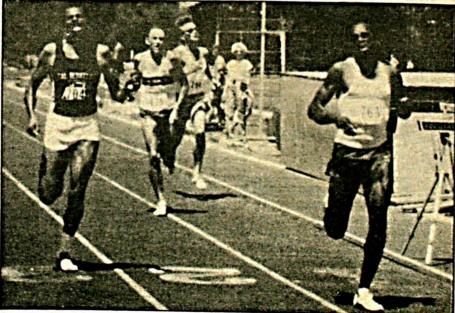

Phil Conley, of Woodside, Calif., broke his own M50 American record of 186-6 in the javelin, set in August, 1985, with a throw of 188-0 in the PA/TAC Masters Championships in Los Gatos, Calif., May 17-18,

Besides Conley's record, notable performances included a 23.02 by Steven Hardison, M35, and 27.9 by Irene Obera, W50, in the 200; a 63.66 in the 400 by Gene Harte, M60; a dou-

ble distance win, in the 1500 (5:03.4) and the 5000 (18:46.6) by Joe King, M60; and a 30:47 5000 racewalk by Julio de Pietra, M75.

In one of the best 800-meter contests ever run outside of a world or national championship, Dave Romain (1:59.7) edged George Mason (2:00.0) and Rich Walters (2:01.2) in the M40 division,

REPLIES TO STEIN

May I reply to the letter from my friend, Sylvester Stein, suggesting that South African athletes should not be allowed to enter the 1989 World Veteran Athletic Championships.

WAVA's objectives are set out in Section 2 of its Constitution. None of those objectives is of a political nature and I believe that most veteran athletes resent attempts to use World Veteran Championships as instruments of political pressure, however far-fetched that concept might be. The present WAVA Council certainly has no corporate view on social conditions in South Africa or any other country. WAVA should not adopt a stance on matters in which it has no expertise and which are not within the scope of its declared objectives.

On a related matter, I note your report that the European Veterans Athletic Association "has received an application from Yugoslavia to host the 1989 World Veteran Games." I must make it clear that it is the Secretary of WAVA who receives and deals with all applications to host the

World Veteran Athletic Championships. It is, at present, my responsibility to negotiate, with the officials of each Organizing Committee, terms of a contract which is fair and equitable, both to WAVA and to that Committee, and which must be signed on behalf of that Committee before the bid is considered by WAVA's General Assembly.

I confirm that I have received an application on behalf of the town of Split, Yugoslavia for 1989.

> Owen Flaherty WAVA Secretary Javea, Spain

I am very much disturbed that the National Masters News saw fit to publish the long letter by Sylvester Stein on banning the South Africans from the WAVA.

Let's keep the paper's valuable space for track and field news and omit controversial subjects or you are going to start losing readers.

Sevald, Stavolone Capture Pacific 10K Titles

by KEES TUINZING, Race Director

Typical warm Memorial Day weather prevailed for the 9th annual running of the Pacific Sun 10K Masters PA/TAC Championships on May 26 in Marin County; California. This event was sponsored by Ross General Hospital, Pacific Sun Newspaper, Mountain High Yoghurt, and Tamalpa Runners, with over \$12,500 in prize money at stake in the open and masters divisions.

Newly-turned master, Bill Sevald (31:29), won out over the everdominant Sal Vasquez (31:50) to take the 40-49 title (next year there will be 5-year age groups). Sevald was also first overall in the Cherry Blossom Kimochi 5-Mile Run on April 21.

Top women's master was Juava Stavolone of San Jose in 36:58 with Joan Colman second in 39:08. As expected, Vickie Bigelow won the 50+category; she likely will not be challenged until Sister Marion comes back from her injury. Jaclyn Caselli easily won the 60+category in 48:16, repeating last year's win.

John Moreno was first overall in

Terry Puckett took female honors in 34:38, as some 1000 runners finished the race.

Van Garderen, Gerstenberger Lead 6th Annual Hudson-Mohawk Masters 10K

by PAUL MURRAY

The Hudson Mohawk Road Runners Club staged its sixth annual masters race in Guilderland, N.Y. on May 3, as 72 runners from three states competed for the RRCA Eastern Regional 10K Championship.

For the first three years of its existence this event was held in November, but in 1984 the date was switched to May in hopes of finding more favorable weather. Unfortunately, the revised schedule has provided no relief from the elements. This year the temperature was in the 40's and a stiff breeze brought back memories of winter. The runners had to battle the wind for the first half of an out-and-back course that is best described as "all hills."

Peter Van Garderen, 45, from Glens

Falls, N.Y., took the lead from the starting gun and was never threatened. His winning time of 35:20 was well off his course record of 31:54 set in 1983, but was still impressive, especially considering that he had completed the Boston Marathon only 12 days earlier.

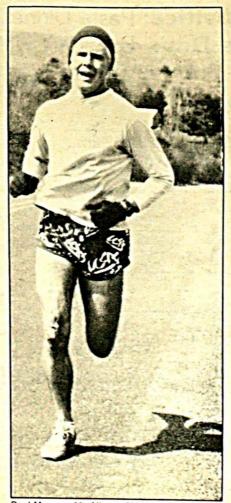

Trailing Van Garderen was 1984 winner, Lee Wilcox, 47, from Troy, N.Y., (35:51); and Paul Murray, of Albany (36:29).

Gerald Barney, 53, of Swanton, Vermont, won a narrow victory over Richard Shook from Pittsfield, Mass., in the 50-59 group, 37:37 to 37:46. Bob Hennig took the M60 crown in 46:44, while Bill Shrader copped the 70 + title in 55:04.

Albany's Nancy Gerstenberger, 56, was the women's winner in 46:26.

Hurd, Andersen Strike Gold in the Rockies

Mike Hurd, M40, of Britain, whose prize money account in the British Amateur Athletic Union exchequer may soon rival Queen Elizabeth II's net worth, walked away from the Bolder Boulder 10K post-race festivities in Boulder, Colo., on May 26, with \$1,200 first-place masters money for his 32:16 effort.

Damien Koch, Fort Collins, Colo., won the masters second-place award of \$800 with 32:41, and Steve Lester, Colorado Springs, Colo., took the third M40+ place in 33:39, worth \$500. Robert Greene, 51, Longmont, Colo., was first M50-and-up in 36:17.

Switzerland's Gabriele Andersen, who resides in Sun Valley, Idaho, fattened up her Zurich bank account by \$1,200 with a women's masters win in 36:59. Gail LaDage Scott, of Durango, Colo., with 38:59, and Gail Hunter, Denver, Colo., with 40:13, collected amounts equal to the masters men for their second and third showings.

The race, which attracted 20,250 participants, was won by Mexico's Artura Barrios in a course-record 28:46. Portugal's Rosa Mota took the women's contest in 33:54.

Fred Lebow, director of the New York City Marathon, in Boulder to observe the staggered start set-up used in the Bolder, called the race. . "the most organized race I've ever seen."

British Make Hay in Bloomsday 12K

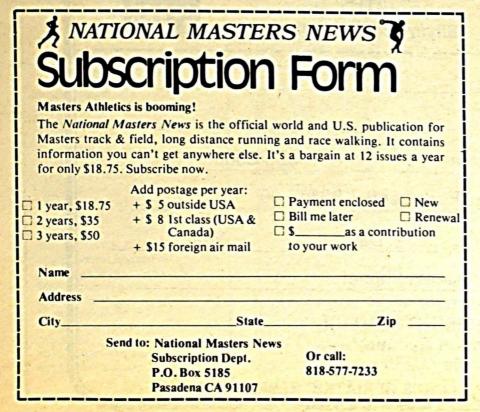

The 10th Annual Bloomsday 12K Run in Spokane, Wash., on May 4, drew 48,406 entrants, who signed up to run, walk, stroll, wheel, or hobble the 7.46-mile course. The finishers, from Aaad (Brad) to Zyznic (Andre), numbered 44,318 — 92% of the starters.

The masters horde was led by Britisher Mike Hurd, M40, first M40-and-up in this year's Boston Marathon in 2:19, who ran 37:43, out-distancing Ireland's Pat Murphy, M40, who closed in 38:12. Californian Sal Vasquez, M45 winner, took the third masters spot with 38:21. Hurd won \$1,000 masters prize money; Murphy collected \$800, and Vasquez, \$600.

Other men's masters division winners were Derek Mahaffey, M50, 43:14; New Zealand's Derek Turnbull, M55, 43:18; Lynn Dompier, M60-69, 48:14; Ray Garnet, M70-79, 1:03:31; and Ray Dempsey, 1:32:52 in a rare M80 + division.

The British also claimed the women's masters top spot when Priscilla Welch, W40, finished sixth woman in 41:01, worth a handsome \$1,350 in open money. California's Shirley Matson, W45, took the first-

Here Comes Earl Ellis

he over-50 competition on the national distance running scene has been pretty tough in recent years. Now that Earl Ellis has graduated to the half-century club, it promises to be even tougher.

Ellis, a resident of Seattle, Wash., has been one of the best masters runners in the Pacific Northwest since 1977 when he ran his first over-40 race. He won national championships at 5,000 and 10,000 meters on the track in 1979 and in the Hour Run in 1981. Last year, at age 49, he won the Toronto World Games 10-K cross-country championship and the 45-49 division of the USA-Canada 10-K cross-country meet in Vancouver. His best masters times are 15:34 (5-K), 32:29 (10-K), 49:01 (15-K) and 1:24:23 (25-K). The 49:01 for 15-K in 1982 was an American 45-49 record until Dan Conway broke it two years later. It still stands as a single year (46) age record.

Along with Dave Hambly, Ellis has been the backbone of the Snohomish Track Club, consistent team winners in national masters competition since 1979.

Talking to Ellis, you get the impression he values his daily running streak,

"I stay off the road and track as much as possible in training, using grass and trails to prevent iniuries."

which dates back to December 1976. more than any of his records or titles.

"It's not an obsession with me, but it has eliminated the problem of a decision on whether I'll run each day or not," he explains. "It has required me to run on occasion at hours between midnight and 4 a.m. before or after trips and once at Gatwick Airport in London for 30 minutes while waiting for the plane delay. I used a wash basin for a shower. However, I'm not in a class with Ron Hill (whose streak exceeds 21 years) and several others."

Ellis adds that his minimum daily run is three miles and that he has not been under 3,000 miles a year since 1971 when, at age 35, he made a decision to go back into training.

up in Mt. Vernon, Washington. At Mt. Vernon High School, he was a state champion swimmer. He also recorded a 2:05 for 880 on the track.

At the University of Iowa, where he majored in physical education, Ellis continued swimming, competing in the 440 to 1500 freestyle events and earning All-American honors. He says that he resumed running soon after college in order to fill the gap left by his retirement from swimming.

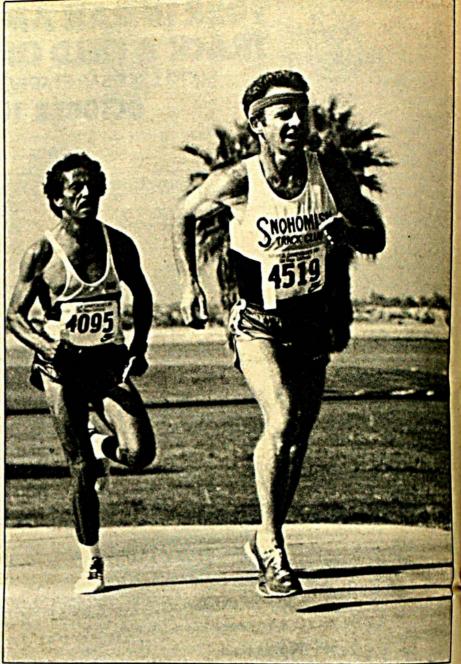

Representing the Seattle Olympic Club, Ellis turned in times of 4:25 (mile), 9:22 (2-mile), 14:22 (3-mile), and 30:12 (6-mile) on the track during the early '60's. But, it was his 52:58 victory in the National Canadian 10-mile track championship at Vancouver, B.C. in 1964 that he considers his best pre-masters performance.

"I trained specifically for that race for six months," he recalls. "I didn't expect to win and didn't take the lead until the final quarter. I exchanged the lead three times with Doug Kyle, who was the Canadian defending champion and ran a 63-second final quarter. The feeling was absolutely exhilarating."

Hanging up his spikes after that victory was, Ellis says, one of the biggest mistakes he has ever made.

From May 1964 to July 1971, my weight went to 185 (he now carries 155 on a 5-10 frame) and my resting pulse from the low 40's to over 80 beats a minute," he points out. "I became ill in 1969 with a rare disease of the spleen and had to have it removed. By 1971, when I made a decision to go back into training, I couldn't finish a three-mile jog on grass that first day. It took six months of terrible aches and pains to drop 22 pounds and get my mileage up to 80 a week. I don't plan to ever stop again unless injury or sickness

In preparation for a specific race or series of races, Ellis puts in 70-75 miles a week for six weeks and then tapers to 60-70 for two weeks prior to the race. He hits the track once a week and also attacks a 300-meter hill ten times in one Born in Lewiston, Idaho, Ellis grew of his workouts.

Earl Ellis at the 1984 IGAL World Championship 10K in San Diego. Antonio Villanueva of Mexico

"On the track I'll do six to eight times 800 meters or four to six times 1200 meters with one-half the interval distance as a recovery," he remarks. "The hard running is usually at 85-90 second quarter pace - not very fast. but it seems to be hard for me. And I usually always can race at 80-85 pace for 10-K."

Ellis says that his daily runs have slowed from 6:15 to 6:45 mile pace during his early 40's to 7:15 to 7:45 speed the last couple of years.

"There's no doubt I'm slowing down," he says. "What I'm trying to do is delay the slow-down. I find myself losing flexibility and strength, so I'm doing a little more swimming now and also train with the weights twice a week, hitting all muscle groups. I stay off the road and track as much as possible in training, using grass and trails to prevent all sorts of injuries."

Interestingly, Ellis earns his living as swimming coach at the University of Washington. In 18 years of coaching both the men and women, he's had a winning percentage of roughly 90 percent. This year his men and women went undefeated in 21 combined meets. He has coached 35 All-America swim-

mers, seven Olympians, and six national champions.

One of Ellis' most talented swimmers now is his daughter Jana, 19, who owns seven individual varsity records. He has two older children, Robin, 23, and Duffy, 22. Wife Pat is nursing director of a group health cooperative.

"My family has been very patient and supportive of my running," Ellis says. "The most stressful time for me is during the college swim season, from October through April. After crosscountry competition is over in mid-November, I back off to 50-60 miles a week of easy running and then pick it up again after our last swim meet."

Just beginning to shift into high gear at the time of this interview, Ellis hopes to be competitive again by July. He's looking forward to the Veterans Road Championships in Vancouver this October.

"The main thing for me is just remaining healthy and fit," he says. "After four major surgeries because of various complications, including removal of the spleen and part of the stomach, I've come to appreciate being healthy enough just to participate in any kind of competition."

Albuquerque Hosts Runners' Pentathlon

by TOM BELL, Meet Director

The second edition of the Runners' Pentathlon was held May 11 in Albuquerque, N.M. Sixty-three runners of all ages and abilities from New Mexico and five other states came to enjoy outstanding competition and camaraderie.

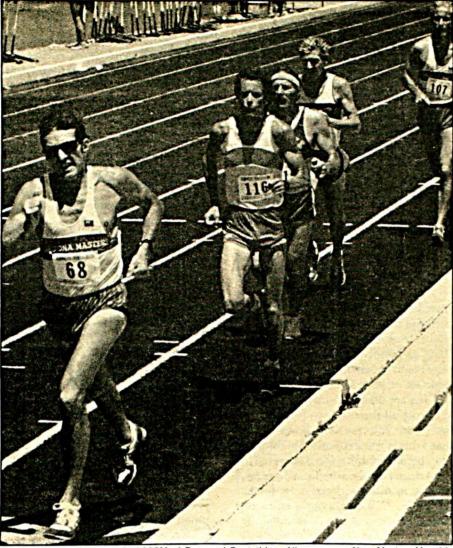

Using performance-table scoring based on Gerry Purdy's Computerized Running Training Programs, participants scored points for their times in each of five races — 200, 400, 800, 1600 and 3200. The system proved better than last year's cross-country-style scoring.

The husband-and-wife team of Dale (55) and Kenny (53) Goering of Santa Fe, N.M., both won their age groups. Noel (41) and Carol (41) Prussmann of Muscatine, Iowa, took first and third, respectively.

The largest age group was M45-49 with 10 entrants. Arizona's Cliff Bedell edged locals Stan Hayes and Buck Schreyer.

Dick Croghan only finished first in one event — the 800 — but piled up four seconds to win the M50 division.

Jim Krakar, 45, summed up the feelings generated by the unique event: "Thanks for the most memorable day I've had in a long time. See you next year." Jim was the last place finisher in the M45-49 age group.

John Weldy, leading pack in 1600M of Runners' Pentathlon, Albuquerque, New Mexico, May 11. Weldy won the M50 1600, but came in 2nd to Dick Croghan (4th from left) in overall points. Winner of the M40 1600M was Sean McCormick (#116).

Schuler, Sponseller Star At Tampa Bay

Good performances by Ed Schuler and Jay Sponseller highlighted the masters division of the Third Annual Tampa Bay T&F Championships on May 17 in Clearwater.

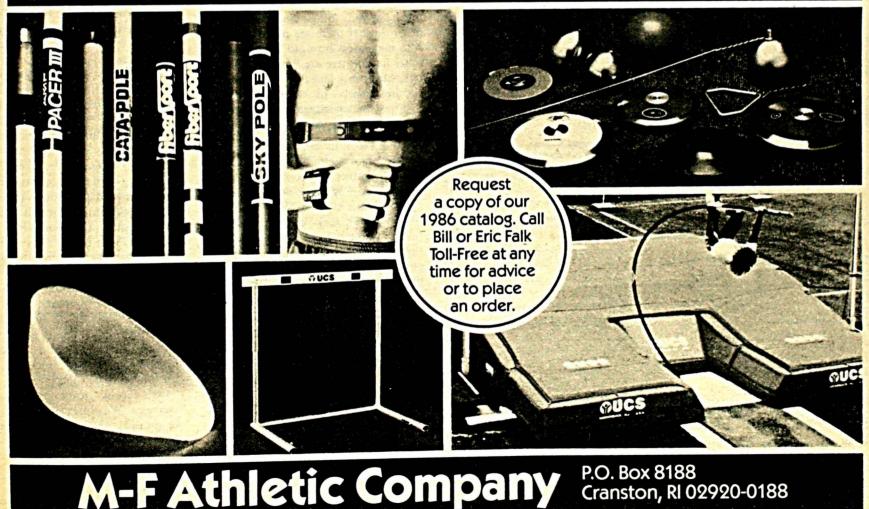

Schuler, 58, from St. Petersburg, Fla., ran 11.1 for 100 yards into a headwind, and also won the 220, long jump and high jump. Sponseller, 68, from Naples, Fla., took the 440 in 66.7 and, ten minutes later, won the 880 in 2:45.1.

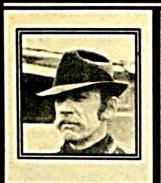

Other multiple winners included Carlos Fraundorfer, 54, of Tampa, in the shot, discus, and hammer, and Dick Jones, 44, from Burnsville, Minn., with firsts in the 5000, mile and 880.

Charlie Polhamus, 42, of Fitzgerald, Ga., came to the meet feeling he was ready for 16 feet; however, the masters world champion, frustrated by the wind, had to settle for 14.

An indication that race walking among masters in Florida is on the way up was demonstrated by the fact that 16 competitors (eight men and eight women) entered the two-mile walk. The over-all winner was Dr. Tom White, 53, from St. Petersburg, in the good time of 17:08. Bob Fine, 54, who recently moved from New York to Delray Beach, Fla., was second. Women's winner was Emily Williams, 40, of St. Petersburg.

On Approaching Every Problem With an PEN MOUTH by W. MacDONALD MILLER

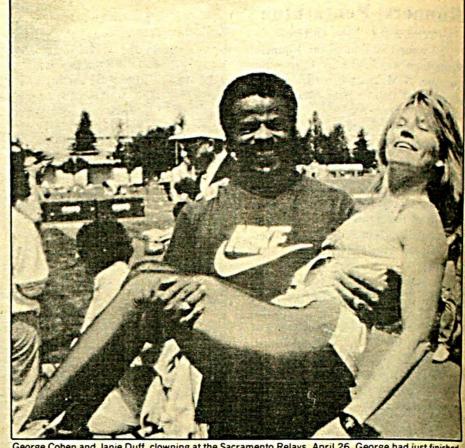

Breaking Away

hose of us in the communication business have long known that discovering the truth in a given matter is one thing — having the guts to speak or write it, is quite another.

Higdon's kids have grown up and moved away so he's back writing about his favorite person — "Hig". Tymn, from his strategically located nervecenter in Hawaii, is still finding photos of himself that we haven't seen before. The serious people in the masters program: Fine, Pain, Sheahen, etc., are still arguing with the world about the South Africans. I think I finally lost track of exactly who stood where on what. It's so confusing I suspect some of the combatants have changed positions without realizing it.

This is not to imply that there aren't

other important issues that require the attention of serious people. The hurdle height issue still needs to be talked about and resolved. Maybe a questionnaire could be sent around. TAC is still made up of your basic dirty rats. Ken and Jen are taking an early retirement to devote all their time to recreational figs. Can you possibly imagine the chaos this is going to cause. In my own case, before accuracy was discovered in the Arizona desert, I had run 53 races, ranging in distance from a 5K to the marathon. As a conservative estimate, I now feel, beyond any doubt, that the

cumulative error in race measurement was well over nine feet. I don't think I have to tell you, when you're in the thick of age group competiton for hardware — especially on those very special occasions when there's another competitor in your age bracket — things have to be totally accurate.

Oh, I'll admit I've fudged on my age a couple of times, but that was pretty much a fun thing. Furthermore, I never do it if there are people around who may know how old I am. On the other hand, there are fine competitors out there who feel this is really just another aspect of race strategy—"getting the advantage"— as they used to call it in medical school.

Damn, if it doesn't appear that I've lost my point again. Not really. To wit, there are plenty of people available in the masters program to address the important issues at hand. What is needed is someone to strike out in new directions and then, speak the truth about them. For instance, running, jumping, and throwing things can lead to a great deal of trauma. Be honest, everyone knows this, but no one will say anything about it. You've got your hamstrings, your achilles, your feet. You've got your knees, your hips, and it probably isn't doing your old "you-know-what" much good either. This is why I have gathered the courage to speak out on a new sport that offers excitement and satisfaction and isn't so utterly damaging to the lower body. You know the line: heart and lungs of an 18-year old, the legs of an 118-year old. Oh, I fooled around awhile with golf and croquet and a few of the other social sports, but I knew from the

beginning, I would end up in serious equestrian competition.

Actually, it's not too serious at the moment. I cracked a vertebrae in my neck two weeks ago. Thank you, it's coming along nicely. Nothing really very complicated about what happened; I fell off the horse. All of you know how that goes. We can all use some extra lay-up time, as they say in riding, to catch up on our work, bills to be paid, writing, etc. This hasn't exactly happened in my case, because I do have this broken finger on my right hand and writing just hasn't worked out too well with this thing I'm wearing at the moment. Plus all the shots I've had.

No big deal. Sometimes horses, who are actually quite intelligent, can be really stupid. This one must have though my finger looked like a carrot, because he tried to eat it. Friends have commented that I look fresh and rested, fuller in the face, if you will, and not quite so gaunt. This I appreciate. Those 6 a.m. runs do have a way of keeping one looking a little tired and thin in the face. But to be perfectly candid, I would have to admit to a pretty badly broken nose which has probably helped me appear to have gained a pound or two. A simple thing; I forgot to duck under a tree branch my horse ran under. Nobody's fault, just one of those things.

Let's face it friends, people have to speak out. We must call things the way we see them and then let the road apples fall where they may. Because I'm an athlete first, the way I see things is based on the way I feel. I'll be honest with you, my legs have never felt better. Granted, the jury is still out on the old "you-know-what".

Butler Gets Hurdles Mark At Redlands

Walt Butler's 14.77 in the 110mH in the Redlands Evening Kiwanis Masters T&F Meet on the University of Redlands track in Redlands, Calif., May 17, will erase Jack Greenwood's 15.0 as an American age 45-49 record. The world M45 record is 14.7 by Valbjorn Thorlaksson of Iceland.

Larry Stuart hit the 220-2 mark for an age-48 javelin world record. Stuart. from El Toro, Calif., holds the M45 world record of 238-10.

In other events, Al Guidet won the M65 100m (14.32) and 200 (29.04); Stan King took the M45 400 in 56.9: Joe Fleischmann did a distance double in the M60 1500 (6:19.36) and the 5000 (22:39) to go along with other victories; and Jeanne Carter placed first in the W45 100m (14.4) and 200 (30.18).

The meet was directed by Buzz Wagner.

Athletes Show but Officials Don't at Irvine

The 7th Annual Anteaters Masters T&F Classic was held at the University of California at Irvine on May 24. The site is perhaps one of the best in the country for a masters meet: beautiful campus, cool ocean breezes, convenient location, plenty of parking, and a new, fast track.

Entries were received from New York, Illinois, Florida, Hawaii, Oregon, and Arizona. The out-ofstaters shared a good time along with about 200 "locals."

But it wasn't all peaches and cream. Because of three major open and high school meets in the Southern California area, promised officials didn'tshow up. So meet director Dave Lewis scrambled around and his road runner friends came to the rescue. They, along with two TAC timers and a TAC starter, handled the track events. Dan Aldrich, a top masters thrower and

now-retired UC-I Chancellor, supervised the field events. Well-known masters runner Eddie Halpin, clerk of the course, kept the races on schedule.

Some of the many outstanding performances included:

- -Walt Butler, 45, 11.3 in 100m and 14.6 in the 110mH.
- -Hugo Hartenstein, 51, 11.4 in the 100m and 23.7 in the 200m.
- -Mel Elliot, 47, 4:14.3 in the 1500.
- -Michael Figueroa, 42, 9:17.8 in the 3000.
- -Janet Wilson, 33, threw the shot 34-8 and the discus 149-1.
- -Stan Whitley, 40, long jumped 23-5.
- -Charlie Rader, 38, high jumped
- -Shirley Kinsey, 56, set an American record for the W55 high jump with 3-814, erasing Joyce Varney's 3-8. □.

with Eric Owers (2:00.9) winning the M45 title.

Jim Johnson, M60, won the triple jump (29-91/4), long jump (16-1), and the pole vault (8-6). Ron Mickel won the M45 discus throw in a competitive field with 155-1.

Over 450 Pacific Association masters and open athletes competed in hot (90°), windless conditions at Los Gatos H.S., a past national masters championships site, and San Jose City College, home of the Bruce Jenner Classic. This year's meet was directed by Willie Harmatz.

FIRST ANNUAL NATIONAL MASTERS NEWS AGE-HANDICAPPING TRACK AND FIELD MEET

for men and women age 30 and up

SATURDAY, AUGUST 23, 1986

Birmingham High School - Van Nuys, California Sanctioned by TAC/Southern California Association Sponsored by the NATIONAL MASTERS NEW ENTRY DEADLINE - TUESDAY, AUGUST 19, 1986

ELIGIBILITY. All men and women age 30 and up.

Pre-entry required before Tuesday, August 19. No late entries

accepted.

PEES. First event \$6.00; additional events \$3.00.

FACILITIES:

8-lane, all-weather, rekoflex, certified, Olympic training track with rubber surfaces for jumps. Concrete throwing ring for shot put. 1 inch spikes. Food concessions and changing rooms

HANDICAPPING:

This is the first full masters meet to utilize age-handicapping. Contrary to most masters meets, there will not be the usual "age-group" competition. Instead, all ages and sexes will compete in the same "division," with the oldest runner getting a head start in each event. In the field events, an age-graded formula will determine the winners. (Thus, the first place finisher could be a 30-year-old man or a 75-year-old woman.) A distance handicap will be given to each competitor in the 100, 200, 400 and 400 IH. A time handicap will be given in the 110 HH, 800, 1500 and 5000. Handicaps are based on tables compiled by TAC Records Chairman Peter Mundle and Dr. Track's Runners' Time Standards.

Standards.

TEAM AWARDS: A team trophy will be presented to the club whose members score the most points, based on 6-4-3-2-1 scoring.

HEATS:

Heats will be run in the 100 and 200. The 110 HH, 400, 400 IH, 800 and 1500 will be run as seeded-sectioned finals. There will be one 5000 meter final.

TIMING: Hand-timing.

NOTE

HOUSING:

Since Birmingham is a city school, there will be no hammer, javelin, discus or steeplechase competition. Because of the special nature of age-handicapping competition, there will be no relay competition.

AWARDS.

Medals will be awarded to the first three places in each event, in a victory-stand presentation.

Complete results, including heats and sections, will be published in the October issue of the National Masters News. RESULTS:

What Do We Do Next?

ne night recently I returned home to discover I had set a new personal record: 17 messages on my answering machine. Usually when I'm gone a day, I'm lucky to receive two or three calls.

That was the day the news hit that I had been selected as one of 100 finalists (out of 1,703 applicants) in the National Aeronautics and Space Administration's Journalist-in-Space program. As the Associated Press put it, "Walter Cronkite and 99 other journalists have been selected to compete for a coveted seat on the space shuttle." I was one of the "99 others."

It came as no surprise, since NASA's committee had informed me of my selection ten days earlier. I had been pledged to secrecy until they released the news. That release triggered the deluge of phone calls from reporters wanting interviews. Within the next day, I spoke with everyone from USA Today to the LaPorte Herald-Argus. Pop artist Andy Warhol once said that everybody in America will be famous for 15 minutes in their lifetime. I was experiencing such a 15 minutes.

I quickly became adept at fielding questions: what I had felt when the shuttle exploded ("stunned shock"); was I worried about the danger ("journalism always has been a dangerous profession"); and why I wanted to go up in space ("I was a scifi freak as a kid").

The unexpectedly tough question came from a TV reporter: "What do you expect to see from space?" Suddenly I ran out of glib answers. I hadn't thought that one out in ad-

vance. I stumbled through some response, but I had been focusing so much attention and energy on becoming the Journalist-in-Space, I didn't know what to expect once I was up circling the globe.

My 15 minutes were up before I figured out the answer. I realized my space goal was akin to the marathon, a race I have run dozens of times, sometimes successfully, sometimes not. At the time I had applied for space last winter, I also was starting to train for my first serious marathon in five years. Once winter ended, I began increasing my weekly mileage from its maintenance level of 25, started getting in those long runs on Sundays, began conditioning my body — and psyche — for a supreme assault on the magic 26 some time in the fall.

That assault inevitably would consume several hours on a single morning. There would be a flash of exultation crossing the finish line, followed by several days of sore muscles accompanied by a typical marathoner's depression that comes with the realization that I would have to get on with the rest of my life: What do I do next?

Prior to the race, of course, would have been many months of preparation and anticipation. It might come as a surprise to those who never have run a marathon, but the best moments come during training rather than during, or after, the race. With a goal in sight, running achieves a purpose, a priority. It focuses your mind. Each day's run can be enjoyed not only for peripheral pleasures, but because it contributes to the inevitable achievement. Miles pile up in the runner's training diary, later to be savored, analyzed, used to plot future goals.

So it would be, I suspect, with my goal of space. Having been named one of the "99 others" (with Walter), I had to pass through a further winnowing process: to 40 invited to Washington, to five invited to Houston, to one invited to space. Then, if chosen, there would be at least a three-month training period during which I would brush elbows with the world's top space scientists, make friends with other astronauts, expand my knowledge to unanticipated lengths. It is easy to understand why a few days circling the

globe — no matter how spectacular the view — might come almost as an anticlimax. Having a goal often is more exciting than achieving that goal.

So it must have seemed for NASA during the nearly two decades since man first walked on the moon. The buildup to the moon captured everybody's attention but, with that achievement behind us, it was like the cry of the marathoner crossing the finish line: What do we do next?

For my marathon five years ago, I had trained 18 months for a single day, found all systems go, and finished with a world championship and a personal record. Reflecting on the event, I look back with pleasure more on the 18 months than the single day.

During the intervening five years, I have set other goals, achieving some, failing with others, but none quite so important as that last marathon or that next flight in space. I may never again run faster for 26 miles, or find 17 calls awaiting me on my answering machine, but I plan to keep trying.

Dorlin, Hayward Take Old Kent 25K

Yadao Dorlin, 42, of Detroit, Mich., with a 5:42.4-per-mile-pace 1:28:38.66, won the masters title by the thickness of his race-number tag from Bill Boyd, 45, of Canton, Mich., who finished in a 5:42.5-pace 1:28:39.23, in the Old Kent River Bank 25K in Grand Rapids, Mich., on May 10. Scott Dennis, 42, of Toledo, Ohio, was a close third in 1:28:50.02.

Norman Eastman, 55, of Lansing, Mich., won the M50 race with a strong 1:32:29, and Jim Porshee, 60, took the M60+ division with an uncontested 1:38:13.

Tina Hayward, 45, of Vicksburg, Mich., was the first women's master in 1:40:14, with Charlene Catalina, 41, of Port Huron, Mich., second in 1:42:56. Kathryn Starkweather, 52, of Wyoming, Mich., won the W50+ race in 1:51:40.

Overall winners were hometown runner Greg Meyer (1:16:38) and Joan Benoit-Samuelson in a national record 1:24:42.

Lure of \$40,000 Will Draw World Class Masters to Twin Cities Marathon

Jack Moran, director of the Twin Cities Marathon from Minneapolis to St. Paul on October 12, announced a top masters field is shaping up to go after the \$40,000 masters prize money - the highest purse ever offered to over-40 runners.

Confirmed entries include Antonio Villanueva, Kjell-Erik Stahl, Guenter Mielke, David Clark, Ralph Zimmerman, John Sheridan and Bruce Mortenson — all sub-2:20 masters marathoners.

Sub-2:30 performers include John Davies, Gary Goettelmann, Mike Heffernan, Bob Nelson and Ernie Billups.

Australia's great John Gilmour, 66, will go up against Oregon's Clive

Davies, 71, who won top prize of \$4,000 in 1985 and will be back to defend his age-handicap title.

England's Joyce Smith, 48, holder of the world women's over-40 marathon record of 2:29:43, will go against sub-2:51 runners Diane Palmason, Karen Scannell, Sue Petersen, Barbara Filutze and Shirley Matson.

Twin Cities will also fly in the first man and woman 40+ finishers in the TAC National Masters 10K Championships in Asbury Park, N.J. on August 9 to encourage America's top masters "speedsters" to take a crack at the 26.2-mile challenge.

Top Masters to Compete in National 10K

Phil Benson, director of the Asbury Park, N.J. 10K, which will also serve as the 1986 TAC National Masters Championships on August 9, reveals he has "the finest group of masters ever assembled" for the race.

Confirmed invitees include: M40: Barry Brown, Dan Murray, Atlaw Belilgne, Tracy Smith, Frank Reilly, Jeff Galloway, George Keim, Bruce Mortensen, and, from outside the

U.S.: Mike Hurd, Pat Murphy, Ken Inglis, Art Meaney, Graham Tattersall; M50: Norm Green, Bill Foulk, John Dugdale; M60: Jim O'Neil, John Hosner; W40: Shirley Matson, Gabriele Andersen, Judy Pickert.

The first four 40+ finishers (both men and women) will win \$1000, \$300, \$200, and \$100. In addition, Benson promises prize money for the first 50-and-over runners. □

Two M50 runners, Derek Mahaffey, 51, of Bellevue, Wash., in 53:37, and David Pitkethly, 50, of Kirkland, Wash., with 53:41, outran the first M45 finisher in their division duel.

Julie Stiles, 43, of Seattle, was 19th and first female master among the 58 finishers in 57:52. Nancy Hellyer, 50, of Steilacoom, Wash., took the second W40-and-over spot in 1:04:01.

10-Year Clinical Study of Runners Completed

7ell, it has been ten years and 3500 athletes since we first started our Clinical Study of Long Distance Runners. It was meant to be a brief study of a few hundred runners and instead it has turned out to be the largest clinical study ever performed.

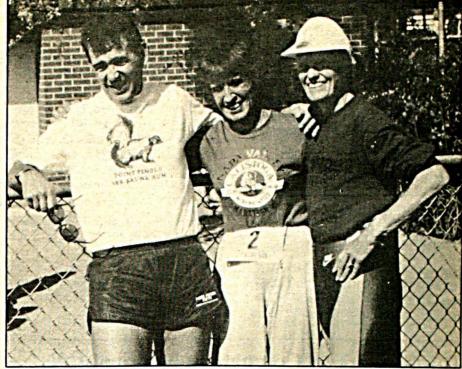

Dr. Douglas Jackson and myself decided that we would like to know a little more about our running patients. We formulated an extensive clinical questionnaire that we used along with each athlete we treated. We have presented the study in various Journals and in Runner's World Magazine.

Our latest study is now out and form still seems to be running true. In order to maintain interest, I thought I would just give you some basic morphological and training statistics and save the injury statistics until next issue. So, in the meantime, why not jot down what you think are the 10 most common running injuries, in order. Remember, these include Olympic gold medalists and everyday joggers.

So, what did we find. We found that of the injured runners we treated, 70% were male and 30% were female. This seems to be the ratio in 10K races nowadays, and has not changed since we started the study. But in certain injuries, there are more women injured than men (you will see this in an upcoming article termed gender-related running injuries).

You will be glad to note that the mean age of all runners is 34.7 with 37 the mean age of men and 30.9 the mean age of women. So it seems like you have to be an old . . . before you will start getting injured.

Weight was quite a bit more than we had imagined. The mean weight tipped in at 153 lbs. with men at 165 and

From left, Dick Collins, 52, Maria Carlson, 64, and Ruth Anderson, 56, looking happy after the Redwood Empire 24 Hour Run in Santa Rosa, California. Carlson was the top money raiser for the American Cancer Society, which sponsored the event. Photo by Del Eckels

women at 123. However, Costill, et. al. tell us that world class distance runners weigh in at about 143 lbs. So it looks like that spare tire you are carrying is not helping much.

The majority of athletes (45%) were running less than 20 miles a week when injured. 34% were running between 20-40 miles per week. Yet Runners World, several years back, told us that most runners run between 20-40 miles per week. So maybe mileage is not the culprit.

The culprit could be the number of years of running. Only 11% of the people we saw have been running less than 20 miles per week; the majority (48%) were running between 1-5 years and 38% were running over 5 years. So, it could be the amount of time spent on the old dogs.

Most runners trained using long slow distance but, surprisingly, 5% reported only speed workouts and 29% used a combination of speed and distance. So, maybe the use of speed in the workouts leads to injuries.

Most runners were injured in the morning (32%), while only 17% were

injured in the afternoon and 21% in the evening. In another study, it was shown that most runners run in the afternoon or evening. So, perhaps, lack of stretching in the morning could be causing injuries.

And, talking of stretching, 90% of those injured stretch. Could be we are all stretching wrong and it is doing us no good.

And, to wrap things up, most runners (32%) do not seek medical help until the pain is so bad that they cannot run at all. So, in keeping with the athletic mentality, we will keep up our survey. Although we have to rely on supposition with our statistics, we are getting a clear picture of the runner and his training habits. Armed with this information, the sports practioner's job will be made a little easier and the athlete will obtain better and more accurate diagnoses.

Smooth Transition?

A special committee of representatives from the RRCA, TAC, NRDC and ARRA met on May 16 in Portland, Maine at the scene of the annual RRCA National Convention and resolved the following statement:

- 1) The keeping of records is crucial to the success of our sport.
- The running community is deeply appreciative of the record-keeping activities carried out by Ken and Jennifer Young of the NRDC.
- 3) Since the Youngs are stepping down from their positions at the NRDC, it is crucial that the record-keeping be carried out at the same high standards.
- 4) A working committee of the RRCA, TAC, NRDC and ARRA will be working on a smooth transition.
- 5) Many of the disagreements and misunderstandings which have characterized the dialogue regarding

this transition have been clarified and all groups recognize that the highest priority is the smooth transition of the record-keeping function.

6) TAC will be providing substantial funding for the restructuring and maintenance of the record-keeping function. The structure and details will be finalized within the next 120 days and the new set-up will be operational on January 1, 1987.

Considerable support for the concept of state record-keeping centers was expressed. These would be voluntary since no funding should be expected from TAC/USA. The role of TAC would be to support a national center.

Green, Schmitt Repeat in Lincoln Marathon

by HARRY CROCKETT

Norman Green repeated as the masters winner in a time of 2:34:17, about two minutes slower than his 1985 winning time in the Lincoln Marathon in Lincoln, Nebr., on May 4. Green had said at the pre-race seminar that he would be shooting for 2:28, as he dedicated his race to the alleviation of world hunger.

Green's effort, in 45 mph winds and warm temperatures, placed him fourth overall compared with his eighth-place finish last year. At 53 years of age, Norman proved again that superior athletes overcome adverse conditions while average folks merely survive them.

The women's master's winner was 40-year-old Shirley Schmitt of Hawaii in 3:11:51, less than five minutes over her 1985 time. Shirley repeated as women's winner in the National Guard competition and also captured third-place among women overall.

Only five masters' men runners posted times under 2:50:00 and only 15 had times under three hours. Nine M40 runners beat the three-hour mark, along with four M45 runners and two M50 runners.

Wesley Geringer claimed second masters place and first in the M45 agegroup with a 2:46:47. Lowell Gaither, also M45, was third at 2:47:02. Robert Lindsey placed first in the M40 age-

group and fourth among masters men in 2:47:28. Completing the list of top five masters runners under 2:50:00 was 50-year-old James Gallup, whose 2:48:36 earned him second behind Green in the M50 age division.

N.J., was the 55-59 leader, and Edith Farias, 62, of Salisbury Mills, N.Y., the 60-and-up winner in 50:39. All three won by large margins. Ruth Rothfarb, 84, of Miami Beach, Fla., was the last of the 421 finishers in 1:21:57.

Overall winner of the race, the TAC/USA National Open Championships, was Betty Springs, 24, of Raleigh, N.C., with a course record 32:13.

Masters winner and 21st of 720 competitors in a 5K race run later in the day was Iris Black, 43, of Spring Valley, Ohio, in 19:56.

In the nation's first all-women's wheelchair race, won by Brenda Zajac, 25, Tampa, Fla., (34:20), 40-year-old Karen Jacobs, of Tampa, finished fifth (41:40).

MASTERS TRACK & FIELD REPORT

by JERRY ALAN DONLEY
Chairman, TAC Masters Track & Field Committee

Why Are You Involved?

hy are you involved in competitive masters athletics? Recreation, competition, health, fellowship, prizes, records, travel? I would like to know. I would like to assemble a collection of letters indicating reasons why those over 40 participate. I would like to know who you are, your age, where you live, what your work is, or may have been, and your area of competition — as participant, observer, or official.

The purpose is not to carry on a writing relationship with everyone, but to help put together a brochure for "marketing" of the Masters Program. With the possibility of hosting the World Games in 1989, it is essential that monies be raised to guarantee their financial stability. This will require an extensive brochure. One item in that brochure should tell the prospective underwriter someting about us: the extent of participation, the reasons why we participate, where we come from, and who we are.

I look forward to a very busy time at our National Outdoor Championships, and the once-a-year opportunity to gather a number of competitors and friends together to review the year's activities. This year I plan to make the presentations for the 1985 athletes of the year and review with you our concepts for awards for 1986, including All American Awards. Other matters on the agenda will be: budget, regional boundaries, site selection for 1987, 1987 World Games, uniforms, age factor scoring, rule changes, and other pertinent matters.

There are some exciting things going on in masters athletics. No longer is it strictly a West Coast/East Coast program. However, other than the results which are published in the Masters News, very little information escapes from the various states and regions to the membership at large. Accordingly, although they do not know it yet, I am going to ask each of our regional coordinators to provide the Masters News with at least one article a year on activities within the various regions. I will be in direct contact with each of them to encourage that to happen.

TAC/USA is working on a new regional alignment and we will have considerable input on the reorganization. The stronger and more active we can become as regions, the stronger our program will become. Accordingly, these news items from the various regions will be one way of promoting regional interest and activity.

I hope you all plan to be in New York (Long Island) for the National Championships. I'll look forward to seeing you there.

meet headquarters.

National championship medals will be awarded in each event for each fiveyear age group for both men and women from age 30-34 through age 90+. There are no qualifying standards needed to enter, except to be at least age 30. The entry form was printed in last month's issue on page 3.

Meet director Sandy Pashkin has scheduled the events in a 48-hour span from 1 p.m. on Friday to about the same time on Sunday. Limousine service is available for \$9.00 for the 35-minute ride from JFK or LaGuardia airports. Because of the close proximity of the track to the Hofstra U. dorms and the Marriott, it should not be necessary to rent a car.

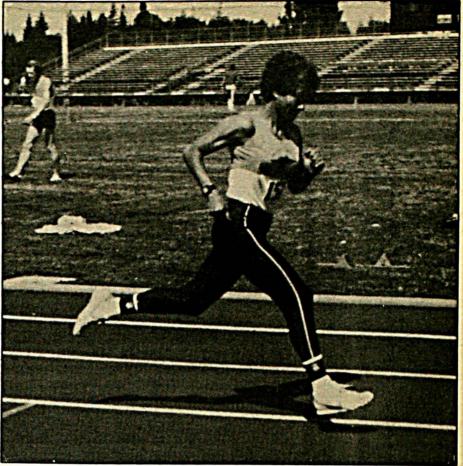

On Saturday, at about 5 p.m., the

annual Masters T&F meeting will be held, with TAC Masters T&F Chairman Jerry Donley presiding. Bring your ideas and suggestions for improving the Masters T&F program. While none of the business discussed at this meeting will be officially binding, recommendations are usually ratified at the official Masters T&F meeting at TAC's annual convention in December.

Also at the meeting, the awards for 1985 masters athletes-of-the-year will be presented. A reception will follow.

The complete results of the meet — including heats — will be published in our September issue.

This is the first time the nationals have been held in the New York area since 1975, and it will be nice to be back in a place where people tawk nawmal.

Records Set in New York Masters Meet

Results of the New York Masters Meet at Kings Point on May 18 show several triple winners and many double winners. R. Ruffalo, M30, threw the discus 105-9, and heaved the javelin 160-8 for a world record by a blind athlete.

John Dugdale, M50, posted two of the better distance times of the day, in the 1500 (4:40.7) and 5000 (16:50).

B. Omelchenko, M55, was the

fastest 5000 racewalker with 31:10.9.

The M50 throwers supplied the largest and most competitive fields of all the day's events. J. Edwards won the shot with 43-4½ and the hammer with 104-4. M. Kintish took the discus with 139-10. B. Youngs hurled the javelin 160-2. P. Carstensen, loser to Edwards in the hammer by 4 inches, won the weight throw with 35-9½.

1985 Top World Weight Pentathlon Scores

by PHIL PARTRIDGE and BOB STONE

The following list includes 46 top World Weight Pentathloners best scores over 3200 points during 1985.

The entire list of Weight Pentathlon Rankings for 1985 may be obtained by sending \$1 for postage and printing to Bob Stone, 118 St. Albans Road, Kensington, CA 94708.

Not all weight pentathlon athletes are winners in the usual sense. Many are intensely competitive with their scores of past and future meets and years. Age Factor Scoring makes this possible.

They value them as indicators of their strength, skill and general health from year to year. Some have made remarkable improvement.

The 87 year-old Spangler takes his own advice. He's out on the roads near his San Luis Obispo, California home by 3:50 a.m., six days a week. After putting in a 2-7 mile run at his 10-11:00-minute-per-mile training pace, he meets his friends at the track by 5:30 a.m. and runs another two miles with them. Then they cool down by taking an 800M swim in the municipal, Olympic-sized 50-meter pool. He's home by 6:50 a.m. ready to start another day writing, reading or

Spangler is a retired surgeon and spent most of his career with the United States Navy. He was acting Chief of Surgery at Pearl Harbor when it was attacked by the Japanese, December 7, 1941. From 1959-61 he was the Senior Medical Officer and Chief of Surgery for Project Hope, and organized a voyage to Indonesia and South Vietnam.

He is a widower, but sees his four children often. "I'm blessed with a wonderful family," he says. "I look forward to every visit with them. They never let me down."

Spangler did not compete in school. He began running at 67, because of "fear of coronary heart disease." A late start didn't bother him. In the fifteen years he's been competing he's collected more records than any other American runner - open or master. He holds 62 American and World running age records at distances of 400M to the marathon.

"My favorite distances are the 5 and 10K," he says. He holds the American and World age 86 record for both the 5K with 28:54.4, and the 10K in 63:58.4. Currently he is the World IG-AL Marathon Champion for age 80-89. He's beginning training now to defend that title in October at the IG-AL World Marathon Championships in Vancouver, B.C.

In 1985 he was chosen TAC's outstanding athlete of the year, both on the track and on the road, for men age 85-89. He was voted to the Runner's World All-Star Team, and was California Track and Running News' pick for masters men 70 + Road Racing Athlete of the Year. In addition to running, he also competes "irregularly" in swimming and race-walking, and was a 1985 Masters Swimming All-American selection.

For the past twenty years Spangler has been lecturing for the American Heart Association and at universities around the country on the causes and prevention of coronary heart disease, physical fitness and lifestyle, and on keeping the mind and body alert and active in old age.

And keep active he does. He races all

year round, including entering three or four track meets a year. "I run in 4-6 events- 400, 800, 1500, 3,000, 5,000 and 10,000M - depending on the schedule of events." Each year he runs 10-15 road races and/or cross-country races, from 1500 to the marathon. "I try to get in one marathon a year, but have only managed eight, so far" (in fifteen years of competing).

'My training schedule is not rigid. It's frequently interrupted by travel for lecturing and racing. I average 30-35 miles a week, unless I'm training for a marathon, when it goes up to 54 miles a week. I train at about 10-11:00 pace (85% of my racing pace). My pace varies some according to how I feel." He warms up very little, using the first two miles of a run as a warm-up before speeding up to his training pace. To cool down he does "very little - just keep moving around."

Usually he tries to rest 1-2 days before racing. He tapers off for 2 weeks and takes 3 days rest before a marathon. Since he first began running, he says, his workouts have "diminished in distance and speed as old age creeps up on me." He uses flats for all his running.

Over the years he's had "most injuries, except stress fractures." He suffered two serious fractures - of the wrist and two ribs - from stumbling over down hurdles while running in the dark. "Doing too much, too fast is probably the major cause of many injuries," he says. "That and improper shoes." He ices an injury for the first 48 hours, then uses contrasting heat and cold. He thinks the use of DMSO has helped the resolution of "sprains and strains "

Paul Spangler

Spangler's philosophy is that with a positive "can do" attitude life can be "beautiful, productive and thoroughly enjoyable. It can be a ball." No question he's having one. And he definitely has a "can do" attitude toward masters running competition. His goal is "to be the best in my age group at all distances from 400M to the marathon, as long as God gives me health and strength."

Young Is Out. Old Is In

asters athletes have known it for years. But now, it's official.

Young is out.

Old is in.

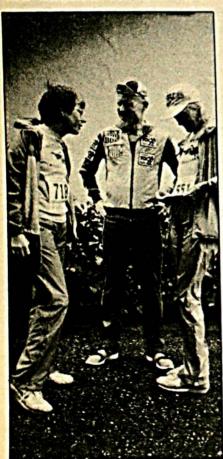

It's no longer chic to be youthful. Don't trust anyone under 30.

Masters have long known there's truth in the old saw: "Life begins at 40." Every five years, they look forward to growing older into a new age division where the competition will be a little softer.

But the secret is out.

The athletics world got its first hint of the resurgence of age in 1980 when 43-year-old Al Oerter threw the discus 227 feet, farther than any of his four Olympic gold medal winning heaves at younger ages. Then, in 1984, Sister Marion Irvine qualified for the U.S. Women's Olympic Marathon Trials—at age 51. Hammer-thrower Ed Burke made the U.S. Olympic team at age 44. And 37-year-old Carlos Lopes won the Olympic marathon.

The old-is-in movement gained national momentum with the re-election

of President Reagan at age 73. In 1985, it gathered a full head of steam when Kareem Abdul-Jabbar, at 38, led the Los Angeles Lakers to the NBA Championship. And Pete Rose, 44, smashed the all-time major league baseball hit record.

In 1986, it rolled into high gear. Don Ameche, at 80, won the Academy Award for best supporting actor. Vladimir Horowitz, at 81, went home to the Soviet Union, played a few riffs on the piano, and was a bigger smash than Elton John.

If there were any doubters left as to the new senior power, Jack Nicklaus, at 46, silenced them with his thrilling, come-from-behind victory in the Masters golf tournament. And then, like a final penicillin pill erasing any last vestiges of the lingering youth-is-best malady, jockey Bill Shoemaker, at age 54, virtually carried Ferdinand into the winner's circle in the Kentucky Derby. The horse's trainer, Charlie Whittingham, was winning his first Derby — at age 73.

Then Raymond Floyd became the oldest person to ever win the U.S. Open golf tournament. He's 43.

There's more. John Henry, one of the best race horses in the century, is about to make a comeback, at age 11. That's 55 for you and me. Patrick Jennings, at 41, is the goaltender for Northern Ireland's World Cup Soccer team. And Reggie Jackson, who just turned 40, passed Mickey Mantle on the all-time home run list, and is hitting .318.

The supermarket magazines are crammed with photos of the over-40 set: Linda Evans, Joan Collins, Jane Fonda, Elizabeth Taylor. Mikhail Barishnikov is still dancing at 38. Mick Jagger is still singing at 41. And

George Burns is still ogling women — at 90.

Bruce Dern, at 50, stars in the "best running movie ever made," according to those who have seen it. It's not the story of a young Olympian, but of a 45-year-old who attempts to win the rugged Dipsea age-handicap race.

Seniors who used to retire at age 65 and wait for the end are now embarking on second — or third — careers. Seniors' expos are big business.

The masters athletics program, mired in relative obscurity lo these many years, may be ready for a breakthrough. Sponsors are ponying up prize money for masters in road races. Running magazines are devoting space to 40-and-over performers. The media is beginning to take notice.

Over-40 runners are getting faster. England's Mike Hurd became the third master (besides Mike Manley and Barry Brown) to crack the 30-minute 10K barrier. Priscilla Welch, at 41, consistently runs 32-minute 10K's. Sweden's Kjell-Erik Stahl was the overall winner of the Stockholm marathon last month in 2:12:33.

In two years, three of the biggest names in American running will turn 40 — Frank Shorter, Bill Rodgers and Jim Ryun. There's talk of a masters road-racing circuit, and of the first-ever four-minute mile by an over-40 runner. Sponsors may begin to jump on this baby-boom bandwagon.

Baby boom?

Yes, the baby boom officially began, according to research, on July 2, 1946. We'd like to be the second (Doonesbury was the first) to officially welcome the baby boomers to the magic age of 40, and invite them to join the masters athletics program.

Baby boomers have been at the cutting edge of U.S. history since they popped out of the womb, and, with their imposing numbers, can be

counted on to continue their leadership

for good or ill — for the rest of the century.

Baby boomers were among the first to fight in Vietnam in 1964, and among the first to protest the war in 1965.

Forty

Forty.

For some folks at 40, dread and depression. For others, a rekindling of life's spirit.

Stanley Brandes, 42, a University of California anthropologist writes in: "Forty: The Age and the Symbol" that culture, not biology, dictates the 40s paranoia.

Like the number three, 40 is a powerful symbol in Western culture. There's 40 acres and a mule, floods that lasted 40 days and 40 nights, Christ fasting 40 days, the Israelites wandering in the wilderness for 40 years, forte meaning strength, and getting 40 winks.

Brandes found that Irish and Armenian immigrants believed that infants should be kept in lighted places indoors for 40 days after birth and that Greek women are expected to stay home for 40 days after birth. Then there's quarantine, from Latin and Italian, for 40 days of isolation to prevent the spread of disease. And the National Football League's dread 40-yard time trial, which has ended the potential career of more than one lumbering rookie.

"No wonder we freak out at 40," says the Los Angeles Times. "The strong cultural pressure, plus society's persistent, but false, view that 40 is moving into old age, combine to make fear of 40 a self-fulfilling prophecy."

Perhaps the French writer Jules Renard said it best: "We don't understand life any better at 40 than at 20, but we know it and admit it."

They were the Civil Rights marchers of 1966 and the hippies of 1967. They made marijuana a household word in 1968, and coined the phrase: "don't trust anyone over 30."

Those of us who were over 30 at the time were a bit miffed, but we understood and smiled. Now the boomers are well past 30, themselves, and we welcome them to the masters ranks.

New respect is coming to the 40-andover set. Lean back and enjoy. We may become America's new sex symbol. Youth will seek out our once-ignored advice, eager to learn from our wisdom. Twenty-year-olds will ask us for training tips. Reporters may interrupt our workout for a quote or two.

A new era has arrived.

Color success gray. Put tomorrow on hold.

18 Months To Go

Countdown to Melbourne

VII World Veterans Games Update

by PEG SMITH
Executive Director, VII World Veterans Games

he chance of a masters' lifetime is going to take place in Melbourne, Australia from November 28 - December 6, 1987.

Anyone who has had the good fortune to have competed in previous World Veterans Games will tell you it is an experience not to be missed.

There are no minimum standards. That means if you are already running in fun runs or even, at this time, just considering getting fit, these Games are for you. Don't worry if you feel shy about competing on the track, you can have a run in the cross country or, if you are a walker, there are the road walks.

Of course don't forget the marathon. For the first time at a World Games there is to be a commemorative medal for all finishers. A fast accurate course, five hours to finish and more than a 1000 competitors with the

100m Hurdles (35-39) 80m Hurdles W40 and over, shot put, high jump, long jump and 800m. There has been a request that the women's events should be changed to conform with the men's pentathlon by taking out the hurdles and high jump, and substituting 100m and javelin. This would make the event attractive to all women Vets and not just the few younger groups. A decision for any change would have to be made by the WAVA executive committee.

5. In line with the WAVA constitution, the women's hammer and triple

youngest woman 35 years and a man 40 years and the oldest competitors will be well into their 80's. Once again a chance in a Vets' lifetime to enjoy a truly international event in Australia.

There have been a number of questions asked about different aspects of the Games:

- 1. Bookings for a full range of accommodation from University to Luxury hotels are available through our office or your travel agent.
- 2. At present there is a maximum of 5 events allowed for any one competitor. The competition committee is putting a proposal to WAVA that this be increased to 7 events.
- 3. There is no heptathlon, decathlon or weight pentathlon during the Games, but we are looking at the possibility of some or all of these being post-games, non-championship events.
- 4. At present the women's pentathlon events in the World Games are

jump will also be included in this program.

Have I answered your question? If not, write to National Masters News with your query.

We will be doing a lot of promotions and travelling around Australia as well as overseas to be able to talk to you personally and also give you the opportunity to introduce prospective members to the Vets. We hope to be on the West Coast of the USA sometime in October 1986.

Our Games may be 18 months away, but, we need your enthusiasm to introduce new members to your local Masters group, so that no one will miss out on a superb international event. Next month there will be more details of how our committees are working, how our budget is being planned and the type of help we will be getting from some of the organizations we have approached.

Keep fit and have fun!

Participants in the XIX World Veterans IGAL Road Racing Championships in Richmond, British Columbia, October 4-5, will have the opportunity to see one of the greats of track and field. John Landy, former world-record holder in the mile, will be there. "He advises that although he has not run seriously for years, he will endeavor to get fit and participate in our 10K," says Ken Richardson, president of the Vancouver Masters Road Running Society. "He will at least present some of the awards." Landy is shown above with his son, Matthew, at Expo '86 in Vancouver. Landy is serving as Commissioner General of the Australian Pavilion.

U.S. Nominee for '89 Games to be Picked

At press time, a three-person site viewing team — Mary Cullen, Bob Fine and Jim Puckett — was en route for a two-week inspection visit of the six cities which submitted bids to host the 1989 World Veterans Games.

The team was slated to visit, in order: Eugene, Oregon; San Jose, Calif.; Los Angeles; San Diego; Durham-Raleigh, N.C. and Miami.

After returning home, each of the three inspectors will prepare an independent report for the full 11-person TAC Masters Site-Selection Committee. Members of the Committee include Masters T&F Chairman Jerry Donley, Masters LDR Chairman Bob Boal, TAC Executive Director Ollan Cassell, Joe Valdes, Dan Thiel, Al Sheahen, David Pain, Hal Higdon, Fine, Puckett and Cullen.

Oral presentations will be made to the Committee by the six bidders on July 17 in Uniondale, N.Y., at the TAC National Masters Track and Field Championships.

The Committee will then make its selection, which is expected to be accepted at the U.S. Masters T&F Meeting on July 19, and ratified by both Masters Committees (T&F and LDR) at TAC's Convention in Tampa on December 3-7. The U.S. nominee will than make its official presentation to delegates at the VII World Veterans Games in Melbourne, Australia on December 2, 1987.

It was originally thought that the U.S. would be the sole bidder for the 1989 event. (The WAVA Executive Committee has strongly encouraged a U.S. bid.) However, as reported last month, and confirmed by WAVA Secretary Owen Flaherty this month, WAVA has received an official bid for the 1989 Games from Split, Yugoslavia.

The delegates in Melbourne will make the final choice.

Browne Sets World Mark in Australia

One world and 27 Australian national age-group records were set in the annual Australian Veterans Track and Field Championships in Adelaide over the Easter weekend of March 28-31.

Temperatures reached 100°F (38°C) on the meet's second day, making conditions difficult, particularly in the distance events.

The heat didn't seem to phase Dot Browne, who turned in a new world 5000-meter record for women 45-49 with a time of 17:33.30, bettering the mark of 17:59, set by California's Vicki Bigelow in 1982. Browne also captured the W45 1500 in 4:47.7 and 10000 in 37:01.6. Both times better the existing W45 world marks (see pages

19-25) but are a few seconds short of pending records set at last year's World Veterans Games in Rome.

John Gilmour was in top form, winning the M65 1500 (4:55.6), 5000 (17:44.4) and 10000 (37:49.9). He added a win in the cross-country.

Among the national records set were:

-62.1 by Bernie Hogan in the M65 400, only a half-second off Fritz Assmy's world M65 standard. Hogan added two other NR's with a 14-14 long jump and 30-7½ triple jump.

-1:54.8 by P. Tippet in the M35 800.

New Track & Field Age-Group Records

n this issue are new world and U.S. five-year age-group track and field records for men and women age-35-and-up.

The marks are those compiled and approved, as of June 1, by World Veterans and U.S. Masters Records Chairman Peter Mundle, and the Records Committees of the World Association of Veteran Athletes (WAVA) and The Athletics Congress (TAC).

New categories have been added for the M85 + and women 75 + divisions. Also added are new short hurdles races the 80-and 100-meter distances now officially run by older age groups. (For reference, the 110-meter records are also listed, marked with a "C").

Still missing from the lists are pending world and U.S. records set in the VI World Veterans Games in Rome. (Except for short hurdles marks, which are unofficially included.) Proper documentation has not yet been received by the WAVA or TAC Records Committees from the Rome Games. Marks set in the 1984 European Veterans Championships have now been approved and are included in the lists.

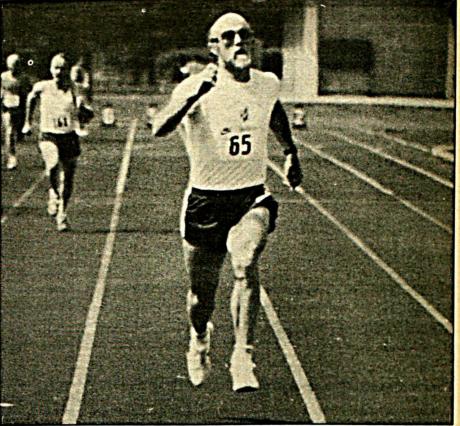

Among the new 85 + marks are two by the late Duncan McLean of Scotland in the 100 (16.3) and 200

(41.1). West Germany's Josef Galia claims six 85 + bests in the 400, 800, 1500, mile, 5000 and 10000. California's Paul Spangler accounts for the 3000 and one-hour run, while Idaho's Buell Crane owns the high, long and triple jumps, shot, discus and javelin.

Colorado's Polly Clarke holds the 100, 200, 400 and 800 standards for women 75-and-over, while Bess James, Berta Hielscher, Irja Sarnama and Edith Mendyka split the others.

The official WAVA track and field record forms are included on page 25. Meet directors should keep several copies on hand, fill them out and mail them to Mundle if a potential record is set. Athletes can aid their own cause by carrying a copy to meets for officials' signatures.

As mentioned last month, the 1986 edition of Masters Age Records is now available. The book contains men's

Martyn Adamson, finishing ahead of the field in the M45 400M with 55.8 at the Sacramento Relays. April 26

and women's world and U.S. age bests for all track & field events, age 35 and up, as of January 1, 1986. It also gives U.S. age bests for men and women for all race-walking events, age-40-and-up, as of the first of this year. The book is available for \$4.00 plus \$1.00 handling from NMN, P.O. Box 5185, Pasadena, CA 91107.

The occasional discrepancy between "age records" and "age-group records" results from the tighter standards required to approve an agegroup mark. "Some of the age records were wind aided or never validated," Mundle says. "It would be impossible to check each of the book's 2000 marks. But the five-year age-group marks must pass stringent scrutiny."

Record Turnout in Birmingham Meet

by GORDON SEIFERT

More than 100 of the nation's finest masters athletes from 12 states competed in the annual Birmingham Classic Track and Field meet on May 10 on the Vestavia High School Track in the Alabama capital.

Aided by an overcast sky that kept temperatures moderate throughout the day, 62 new meet age-division records were set. Jerry Stanners of Bakersfield, Calif. garnered three marks in the 120 hurdles, long and high jumps.

Others who set new records included Jeff Baty, Buck Bradberry, Sadie Howell, Tom Kennell, Peggy Hamilton and Jennifer Kyle.

Ditsele Stars in South Africa Championships

The 11th annual South African Masters Athletic Championships were held in Herman Immelman Stadium in Germiston, a Johannesburg suburb, on April 4-5.

S. Ditsele turned in an impressive double in the M40 800 (1:56.8) and 1500 (4:12.6). His 800 time is less than two seconds off Klaus Mainka's world M40 mark of 1:54.9 and faster than George Smith's winning time (1:56.9) in last year's World Championships in Rome.

L. Halweendo was only three seconds behind Ditsele in the 1500 (4:15.7) and won the 5000 (15:54.1) and 10000 (33:50.3). Monty Hacker picked off the M50 100 (12.5) and 200 (24.9). Audrey Reid took the W70 100 (17.0), 200 (35.5) and 400 (80.5). The latter betters the existing world W70 mark, but is off Reid's pending mark of 79.64, set at last year's World Games in Rome. Makabela clocked a 51.3 in the M40 400, while A.L. Conradie posted a 4:36.8 in the M50 1500. WAVA President Don Farquharson of Canada placed 4th in the M60 800 in

KUDOS

After six months of meets up and down the East Coast, I would like to give some thanks where due.

- The national indoor meet in Baton Rouge was just great.

- At Raleigh, the officiating was excellent. They even changed the direction of the pentathlon 200 at the suggestion of athletes who feared the wind.

- Joe Valdes and his brother put on a terrific meet at Lake Worth, Fla. All the officials had radios to talk directly to the announcer who juiced the meet up with his comments. And high school athletes carried all throwing weapons back to the contestants.

-And thanks to promoter Phil Partridge.

- And God bless you, too, NMN. - Boo Morcom Wilmot, New Hampshire

"Atlaw and Judy Play it Again at Cotton Row"

myself a little harder to see what I could do."

The effort was enough to hold off 40-year-old Natalie Spalding of Atlanta, a new master who has made quite a name for herself on the Southern circuit this season. She ran 39:50 and seemed pleased with the effort. "I could see Judy up ahead for the last half of the race," the real estate agent commented. "I thought I might be able to catch up toward the end, but in the last half mile she really was too strong. But I'll be tougher next year."

Judy's strength is well known by many master female competitors as she has won the RRCA 10K road championships for the past two years. She also won three national masters cross country titles in 1985 and was the masters champion at 8K on the roads when she set a U.S. age-42 record of 30:03 for the distance at Syracuse last September.

Third female master was Nancy Parker of Atlanta, who will move into the 50-54 age division this summer and will probably challenge anyone in the country, save Marion Irvine, for top performances in that division for the rest of the year. Parker, always a consistently strong runner, ran 41:04.

The male master field this year was once again equivalent or superior to many national championship races. No less than fourteen entrants had recent 10K times better than 33 minutes, and ten of them managed to run sub-34 on one of the toughest courses in the South.

Belilgne led from the gun and went through the first mile with a five-flat. He was followed within five seconds by Conway, Don Coffman and Rich Myers, a new master from Vorhees, New Jersey, who had won the masters division of the Trevira Twosome 10 mile with a 53:08 in April. Between the first mile and The Hill (Mt. Wood is a monster of a hill at two and a half miles that takes the runner 105 feet vertically in 200 yards), Myers and Coffman pressed past Conway. Myers was feeling so good at this point that he did an imitation of Conway's juggling act which the Chetek, Wisconsin, coach and PE teacher had performed the previous night at the welcome party.

As Herb Lorenz later told Myers, a sometimes training partner, "You have got to learn to respect us old guys,

Rich. Dan thought you were telling him to come on and run faster. He's tough enough without your getting him mad." After the hill, Conway used the mile long gentle downhill to catch and pass both Myers and Coffman and close on and almost catch Belilgne in the last 100 yards.

Tom Dooley of Toccoa, Georgia, Coffman's main competitor in the South this season, overtook Myers to take fourth in 33:12, and in the most exciting finish in the race, Myers outleaned Alan Pilling of Marietta, Georgia, for fifth as both were timed at 33:19. Myers had been slowed in the last part of the race by a recurrence of a foot injury that has plagued his first season as a master.

Herb Lorenz, who spent more time this spring helping coach his daughter's and son's track teams than on personal training, still ran a 33:25 for 7th master and 2nd in the 45-49 division.

Bill Olrich of Lexington, Kentucky, continued his outstanding performances as a new 50-year-old and won that division by more than two minutes over Gerald Koch. Olrich's time was 33:55, and Koch ran 36:07.

Gordon English from Birmingham, Alabama, celebrated his first year in the 60-and-over division with an impressive 41:57 win.

The seventh edition of Cotton Row was again sponsored by First Southern Savings and Loan. The 10K had just over 2700 entrants, about the same as in the past five years.

Plan now to come to Huntsville next Memorial Day. As we said in our ad this year, "You may not run your best time, but we think you'll have your best time."

Try it in 1987, then judge for yourself.

Atlaw Belilgne, 41, of Houston, wins his 2nd Cotton Row 10K Run Masters title by only one second over Wisconsin's Dan Conway, 47, in Huntsville, Alabama on May 26.

Knifton, Steigerwalt Top 1985 Hour Walk

John Knifton, M45, of the New York AC, covered 7 miles and 1635 yards (12,760m) in Austin, Texas, on October 20, to lead all masters walkers in the 1985 TAC National Postal One Hour Race Walking Championships.

The second and third longest distances also came from M45 division walkers, Ron Kulik, who finished with 7m/657y (11,866m) in W. Long Branch, N.J. on November 17, and Ray McKinnis, who ended with 7m/365y (11,599m) in Raleigh, N.C., November 16.

Sal Corrallo, M50 winner with 7m/288y (11,528m) was fourth overall. Bob Mimm topped the M60 list with 6m/1484y (10,958m).

The women were led by W40 Jolene Steigerwalt's 6m/699y (10,295m) in San Diego, Calif., on October 20, and

 The 1986 TAC Directory is now available from TAC. This book lists names, addresses and phone numbers for TAC officers, staff, committee chairmen, sports supervising committees, administrative committees and operations committees, Likewise, TAC's Board of Directors and Executive Committee members are listed, along with addresses and phones, and the officers of each TAC association. The 1986 Directory also lists key IAAF contacts, plus a list of major U.S. sports organizations like the U.S. Olympic Committee, NCAA, NFSHSA, NAIA, etc. It also contains TAC's by-laws and operating rules. To order a copy of the Directory, send \$7.50 to TAC/USA Book Order Department, P.O. Box 120, Indianapolis, IN 46206.

• The 1986 edition of the Competition Rules of The Athletics Congress is now available. The book contains rules for American track and field, race walking and long distance running. Note: Records are not included in this year's book. To obtain a copy, send \$7.50 to TAC, above.

 Overlooked in the results of TAC's National Masters Indoor T&F Championships in Baton Rouge in February was the end of a 37-year-old winning streak. Boo Morcom, 1948 Olympian, had never been beaten in open or age-group competition in the pole vault since 1949. But he was upset by another Olympian, Bob Richards, 12-0 to 11-6, in the 60-64 age division. Morcom turned 65 on May 1, and started a new streak in the Southeastern T&F meet on May 3 in Raleigh with a new American M65 record 11-7, breaking Jim Vernon's mark of 11-6. Morcom holds all but two world pole vault age records from age 51 through 65, missing only age 53 (to Jerry Donley) and 61 (to Herbert Schmidt).

 Two people — one an official in Poland and one a sports writer in California - died this year when hit in the head by a hammer thrown in open meets. Many high schools have banned the event from interscholastic meets.

. The Indianapolis-based National Track and Field Hall of Fame added four new members out of the 11 candidates nominated for admission to this year's election. The four are:

- Bob Seagran, 1986 Olympic pole vault champion;

Barney Ewell, 1948 Olympic 400-meter gold medalist;

Ron Laird, frequent masters race walking competitor whose 65 career race walk victories span three decades:

 Andy Bakjian, one of the sport's leading officials who died last February.

A total of 118 T&F notables have now been enshrined in the Hall of Fame since 1974 Seagran, Ewell, Laird and Bakjian will be for-

•In his bi-weekly newsletter, Joe Henderson reports "in terms of numerical growth, the Running Boom is over, but this isn't to say runners are vanishing in droves or the sport is in trouble. It's just in transition from one phase to the next. The good times in running aren't over.'

. How many runners are there? The National Sporting Goods Association found about seven million regular runners in its most recent survey, Henderson notes. NRDC puts the number of racers at between 600,000 and 800,000. "Even if numbers are down somewhat, they appear to be leveling off far higher than they were before the boom," Henderson says. "Seven million runners, about one in 10 of them a racer, look like they're here to stay." Estimates are that a third of the 700,000 racers - 210,000 - are over age 40.

 New York's Atalanta Women's Running Team has complained to TAC about the "pacing of women in road races by men." It cities the recent Pittsburgh Marathon, where TV coverage "clearly showed winner Laura Fogli being assisted by her husband-coach and masters winner Priscilla Welch being paced by 2:11 marathoner Dave Edge." Atalanta says the TV commentators focused their commentary on the "unfairness" of pacing. It calls pacing a "black eye for women's running" and asks TAC to protect the interests of open and masters female athletes who compete, set records and earn prize money without interference from men... We deeply resent the image being projected that we are like dogs on the leash of superior male runners..." The letter to TAC. signed by masters runners Toshiko d'Elia. Maddy Harmeling, Margarete Deckert, Angella Hearn, Mary Ann Tighe and others, says "we resent the attitude of race directors who say that 'she still ran on her own two feet' or 'it's not any different than paid rabbits at a track meet.' SOUTHEAST

- Billy Gordon, 48, Daytona Beach, FL, barely defeated Dennis Branham, 55, Titusville, FL, 18:28 to 18:32, for the masters victory in the Mother's Day 5K races, Port Orange, FL, May 10. Branham's time is one of the best ever for M55 in Florida. Kathy Bowrosen, Port Orange, won the W40+ contest in the separately run women's race by six seconds (23:13) over Mary Hills, also of Port Orange...
- Master champions in the 10th Annual Elby's Distance Race 20K, Wheeling, WV, May 24, were Shirley Matson, 45, Solana Beach, CA, and Fritz Hagerman, 51, Athens, OH. Matson established a W40 + course record of 1:19:38.3, and Hagerman bested three-time Elby's masters winner, Britisher Ron Hill, by running 1:14:10.2 in his 1st appearance on the Wheeling course. Hagerman is chairman of the zoological and biomedical science departments at Ohio U. in Athens.
- Don Ardell, 47, Orlando, FL, capitalized on a fast-opening 2-mile effort to win the overall masters title over Dave Dickinson, 45, Winter Park, FL, in the Central Florida Masters Running Pentathlon, in DeLand, May 18. It appeared that Ardell was feeling the effects of a triathlon he had done the previous day. Dickinson needed to win the mile by 28 seconds and had a 13-second lead at the half, but an early kick in the 3rd lap kept Ardell in the race. Dickinson won the mile, but only by 15 seconds. Jane Kelly, 40, Casselberry, FL, took the ladies division.
- Omitted in last month's story on the Southeastern T&F Meet in Raleigh, N.C., on May 3-5 was that California's Paul Spangler set five new age-87 world records and two U.S. marks. World: 800 (4:20.6), 1500 (8:31), 3000 (17:39.4), 5000 (30:11.7), 10000 (1:12:18). American: 400 (1:59.1), 5K Walk (37:27.4). As usual, Spangler had no competition in the 85-89 age division, but his objective, each year, is to set a new mark for his age in each event from 400 up. "To do it in one meet was a bit more than I expected," Spangler said.
- Four-time Olympic discus champion Al Oerter, nearing 50 and a new grandfather, says he hopes to make the 1988 Olympic team. "I haven't been throwing well, but the only cure for that is work," he told USA Today from his new Florida base. Echoing what Hal Higdon says in this month's Speaker's Corner (page 10), Oerter says "I don't take medals seriously; my Olympic golds are in a dresser drawer. What I do take seriously is the effort toward the Games. It's great fun to try to be at your best and test yourself." Oerter retired last year from

his computer management job, and now represents Reebok in promoting an active lifestyle for the 40 + generation.

MIDWEST

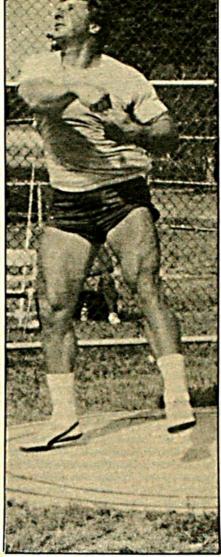

- Judy White, 41, a high school English teacher, repeated as overall women's winner in the Woodridge 5 Mile, Peninsula, OH, April 26, with 35:09. Dick Konkle, M45, was M40+ winner (30:22).
- Barbara Cegal, W40, Hickory Hills, IL, hoofed through the 8th Annual L'eggs/YWCA 10K, in Lincoln Park, Chicago, May 3, in 42:32, to lead the masters contingent of the 900 participants. Faith Walkuitz, W50, Chicago, was 2nd W40+ (42:53).
- Bill Boyd, 45, (2:37:57), and Nina Bovio, 40, (3:16:18), were masters champs in the Revco-Cleveland Marathon, Cleveland, May 18, and Joe Klingenberge, 41, (34:01), and Ilene Hardy, 41, (39:02), were likewise in the adjunct 10K. Marathoners (2000) and 10K runners (8000) found 70° temps and muggy 84% humidity at the race start.

MID AMERICA

 Dave Bushard, 49, Marshall, MN, placed 1st masters and 3rd overall in the Longest Day Marathon, Brookings, SD, April 26, in 2:59:20, and on May 10 won outright the Garry Bentley 20K, Brookings, with a 6:16-paced 1:17:53.

WEST

- Josie Fox, Tempe, AZ, won the masters 1st prize \$250 in the Alpha Beta Women's 10K State Championships, Scottsdale, AZ, April 6, with 39:31. Second and third W40+s Judy Allard (41:49) and Betty Ratley (42:00), both of Scottsdale, collected \$175 and \$75.
- Bill Clark, Los Altos, CA, toured the Devil Mountain 10K course in Danville, CA, May 4, in 32:34 for 1st masters. Sandra Coffe, Yuba City, CA, was 1st female masters with 39:23. The 6000-entrant event raised \$70,000 for Children's Hospital in Oakland.
- Margaret Miller, 60, Thousand Oaks, CA, ran 1:29:07 in the SCA/TAC District 20K, Championships, Valencia, CA, March 23, chopping over seven minutes off Pat Dixon's AR of 1:36:31. Miller was W60+ winner in the '86 Boston Marathon with 3:23:39.
- While Jim Gallup, M50, was winning the masters contest and placing 5th among the men with 1:15:50, Shirl Schmitt, W40, was winning the women's masters contest and placing 5th among the women with 1:26:21 in the Windward Half-marathon, Kailua, HI, May 18. Margaret Lee won the W65 + division with 2:01:58.

the devil were chasing her to an age-49 national record 18:48, which breaks her own 19:22, in the Westlake Florist 5K, Westlake Village, CA, May 18, and continued to place 1st W40+ in the 10K (41:31), as did Joe Jacobsen, 42, Westlake Village, in the M40 5K (17:07) and 10K (36:46). In the 5K, Margaret Miller, 60, Thousand Oaks, CA, was the 1st 60-and-over runner, male or female, in 21:22. Jim Hughes, 39, Simi Valley, CA, was overall winner (33.35) in the 10K.

 San Francisco area walkers were shocked by the death of Cyndy Stutzman, 41, who collapsed from an aneurism in Golden Gate Park during a walk on May 17 and died later at French Hospital. Cyndy, a native of Philadelphia and a counselor/developer for Options for

Women Over 40 in San Francisco, had been walking with the Golden Gate Race Walkers since January.

- Phil Ryan, 42, (33:53), and Gina Faust, 49, (39:19) led masters finishers in the Alive-and-Well 10K in Los Angeles on June 7. John Brennand logged a good 34:15 at 1st M50 and Patrick Devine posted 37:46 for M55 honors. Helen Dick, 61, clocked 45:27.
- Kit Pickles, 60, of Cobb, Calif., began running at age 55. She's just hitting her stride since turning 60, having won 16 of her last 18 starts in the W60+ age group. She's also a certified scuba diver, and received her commercial pilot's license in 1974.

NORTHWEST

• Marcie Trent, 68, Anchorage, AK, oldest person by 10 years in the Glacier Halfmarathon, May 25, in Anchorage, finished in 2:06:05 on a "hot" (60°) afternoon. Marcie did a 46:59 8K in September '85 after recovering from a shoulder injury. John Trent, Glacier Half-marathon founder, invites all runners not to miss the Campbell Creek Race, Alaska's only TAC certified 8K, August 30. No entry fee! Pulsators RC, 1700 E. Tudor Rd., Anchorage, AK 99507.

• Ray Hatton, 54, hasn't been idle. The Bend, Oregon resident who has temporarily set up shop in Eugene to pursue a Ph.D., clocked an unreported 32:40 10K last October and a 1:12:34 in the Salem Governor's Cup half-marathon on Jan. 12. In the Pear Blossom 20K in Medford on April 12, he logged a swift 1:08:58 for 1st M50-59 and 17th overall. He added a 32:58 10K in Salem on a certified course. Hatton echoes NMN's sentiment when he says "I wish more race directors would submit masters results. I'd like to know what others are doing."

CANADA

World veterans champion Erna Kozak, 41, recently ran near W40 world record times in the 800 (2:08.5) and 1500 (4:23:63). The world W40 marks are held, respectively, by Anne McKenzie (2:06.5) and Joyce Smith (4:20.7). Both times are PR's for Kozak. The 1500 is an age-41 world best.

INTERNATIONAL

- Over a dozen athletes from the U.S. and Puerto Rico journeyed to Mexico City on May 3-4 for the Cinco de Mayo International T&F Meet. Frank Little won the M40 100 (11.2), 200 (22.8) and 400 (53.2). George Cohen (2:04.7) and Mel Elliott (2:05.6) repeated their 1-2 finish of last year's nationals. Nick Newton (23.5) topped Ovidio DeJesus (23.9) in the M50 200, but DeJesus took the 400 (55.3) and 400H (73.6). Gary Kelmenson won all four M35 throwing events.
- Athletes in the Western Province Masters T&F Championships, Green Point, Cape Town, South Africa, March 3, accounted for 9 S.A. records, 18 W.P. open records, 17 W.P. masters records, and one equaling W.P. record.
- Nothing to do with masters, but it's interesting to note that Zithuelile Singe raced to a 2:08.4 in the South African Marathon Championships May 2 in Port Elizabeth. That gave Singe fourth place on the world all-time list behind Carlos Lopes (2:07:12), Steve Jones (2:07:13) and Rob de Castella (2:07:51). Willie Mtolo's 2:08:15 put him seventh. Both Singe and Mtolo are black South Africans who are barred from international competition by the IAAF.
- A 25-minute videotape of the 1983 World Veterans Games in Puerto Rico has been prepared by Dana Balibrera. A professional film, it features interviews with masters athletes Bob Watanabe, Dan Aldrich, Payton Jordan, Bess James and Fritz Assmy. The tapes are available for about \$79 in quantity, with any profits going to help support the 1989 World Veterans Games if they are held in the U.S. If you'd be interested in obtaining the tape (Beta, VHS or 16mm), please write: Videotape, c/o NMN, Box 2372, Van Nuys, CA 91404. □
- Both the men's and women's winners of the Stockholm marathon on June 7 were over 40. Kjell-Erik Stahl, 40, of Sweden ran the second fastest marathoner ever by a master 2:12:33. That's close to Jack Foster's elusive 40-and-up mark of 2:11:18, set 12 years ago. Evy Palm, 44, also from Sweden, won the women's race in 2:34:42. It was Stahl's 52nd sub-2:20 marathon since 1979 the first ever to reach the mid-century mark. He's run four marathons already this year: 2:19:20 in Los Angeles in March 9, 2:16:00 in London on April 20, 2:16:54 in New Jersey on May 4, and the Stockholm race. His PR in that string is a 2:10:38 in Helsinki in 1983. □

Bob Richards, M60, clears the bar in the pole vault at 3.45m (11-4) in the Mexico Masters Meet, Mexico City, May 3-4.

ON TAP FOR JULY

TRACK AND FIELD

This is the big month of the year for masters track and field a FiciOnados. Three TAC National Masters Championships will be held: the Pentathlon in Shippensburg, Pa. on the 13th; the Nationals in Uniondale, N.Y. on the 18th-20th, and the Decathlon/Heptathlon in Des Moines, Iowa on the 26th-27th. It's going to be an exciting month and we hope you're ready to go.

Leading up to the nationals are three regional meets: the Western in Berkeley, Cal. on the 5th; the Northwest in Gresham, Oregon on the 11th; and the Midwest in Elmhurst, Ill. on the 12th.

Then there's a St. Louis meet on the 12th, a weight pentathlon in Michigan on the 26th, the Sri Chinmoy Games (for 50-andovers) in New York on the 27th, and the Asian Veterans Championships in Singapore on the 27th.

LONG DISTANCE RUNNING

July might be considered an unusual month to hold a national masters marathon championship, but it's cool in Olympia, Washington, this time of year, so the annual event has been set for the 27th. It's on the same scenic course that hosted the 1984 women's Olympic marathon trials, and is part of the 5th Annual Capital City Marathon.

The Peachtree 10K in Atlanta on the 4th always draws a good masters field, while the new Providence Point 5-mile run in Issaquah, Washington on the 12th is the first-ever "Grand Masters" 5-mile race for runners age 50-and-over. Each category winner receives \$100.

The annual San Francisco Marathon and a masters-only 10K in Lake Oswego, Oregon both take place on the 20th. □

IF GOD WANTED YOU TO RUN 10 MILES A DAY, HE WOULD HAVE MADE YOUR FOOT LOOK LIKE THIS.

In fact, the Nike Sock Trainer looks just like a foot. With a few highperformance options added on.

It cradles your heel, arch, and forefoot inside a contoured foot bed. And it softens every footstrike with full-length Nike-Air® cushioning.

Up top, there's breathable stretch nylon/polyester mesh, for a snug, firm fit, no matter what your width. What's more, it gives your toes about as much freedom as going barefoot.

Sound like the ride of your life? You better believe it. But if you're a doubting Thomas, try on a pair. And see for yourself.
