

EDITOR'S DESK

September, 1977

It has been a long time since the last Newsletter. It was our intention to get one out at the beginning of the summer, however we waited for the results of first one meet, then another. After that, we went on vacation and had good intentions upon our return. Then we were asked to wait until the entry forms for the cross country meets were ready. Now there is the situation of the results from Sweden, but we are going to proceed without them. They will be sent out when available.

Running under top flight conditions, fifty meet records and two world agegroup records were set by the 109 athletes competing in the Sixth Annual Masters Sports Association Championships held at Randall's Island, New York.

"Boo" Morcum set a World Age-Group Record for 56 year olds by leaping 18 feet 31 inches in the long jump. He also won the hurdles and all the other field events. Conrad Boas of the New York Pioneer Club, the oldest competitor in the meet, set a World's Age-Group Record in the 100 yard dash for age 73. He ran 13.7.

Werner Tersago was the iron man among the runners. He won the six mile, then the mile in 4:40.8; he was second in the half in 2:14.0, and finished the day by winning the three mile in 16:23.0. Werner is 41.

Dennis Dyce of the Pioneers won the 100 in the 30-34 year old division in the meet record 10.8, the 220 in another meet record 22.4, and the 440 in 50.5. Rudy Valentine, 53, of the Pioneers also won the three sprints in 11.2 (meet record); 26.6, and 57.7.

Herb Cantor of the Pioneers, in the 50-54 year old division, won the javelin with 123 feet, the shot in 39'7" and the discus in 117'2". Ian Hume of Canada, in the 60-64 group won the high jump with 4'9", the javelin in a meet record 128'11", the long jump in 14'8 3/4" (another meet record). He was third in the shot put and second in the discus.

Ruben Diaz travelled from Puerto Rico to win the 100 yard dash by one-hundreth of a second in 10.63 for the 40-44 year olds, plus a second in the 220 in 24.2.

Received a few comments on our editorial on South Africa. Herewith are some the quotes:
the Editor.

I joined the Masters Sports Association because I'm interested in running, ring and racing. I was led to believe that the organization was interested in same. No one said anything about politics. I opened my newsletter to find a litical editorial this month. By what right do you use my money to distribute opinion? I read the respaper to get news and opinions. I join political sanizations in which I believe. I run to escape the news, politics, worries

and problems, etc. of the day. The little time I spend on running activities is precious to me and I do not care to have it polluted by extraneous matters. I hope that this is the last of opinion or information irrelevant to running to be contained in MSA newsletters. If not, don't send me any more. I am not interested in assisting the editor to tell his political opinions to other runners.

Lee Neuwirth Princeton, N. J.

To the Editor.

As a member of MSA, I commend your analysis of the South African situation and do keep it up. I think your newsletter was right on!

> Phil Shinnick Highland Pk., N. J.

To the Editor,

South Africa situation. Of course conditions there are intolerable and inhumane. But it is naive to believe that barring a few athletes from a track meet is going to have any effect on their internal racial policies. Masters athletes have traditionally welcomed ANYONE who wished to compete in their own age group, amateur, "professional," black, white, peace-lover, war-monger, liberal, conservative, racist, sexist, Christian, Jew, atheist...ANYONE. Politics do not belong in athletic competition....

Gary Player played golf in this country for two decades without, so far as I could see, advancing the cause of apartheid one iota. Neither did the people who pelted him with golf balls as he lined up his putts advance the cause of anti-apartheid....

Sport as an instrument of international policy is a spitball against a battle-ship. Show me a country which will change its internal policies for a first in the high jump and I will show you a country with very strange priorities, indeed.

This year it's the South Africans. Should we ban the Canadians for killing seals in Hudson Bay? Should we ban me because the state of California is reinstituting the death penalty? Should we ban all U.S. athletes because it is the E.S. (and British and Dutch) investments which keep South Africa operative? Take money out of South Africa, (DuPont, Rockefeller, Coca-Cola, etc.) and the racism would end tomorrow morning.

We should welcome all veteran athletes to all our meets to compete in a friendly, tolerant, understanding, enlightened environment.

Al Sheahen Van Nuys, Cal.

From the last newsletter: In the 3rd Annual Masters T & F Championships, the New York Pioneer Cub's world record holding two mile relay team was pushed to its limit by the Boston Athletic Club as both teams broke the world two mile relay record. Herb Zipper, who had won the 1000 in Div. 1A earlier, made up a ten yard deficit on the anchor leg to catch Art Conro, who had previously won the 500 in the same division. In fairness to Art he had less than twenty minutes to recover from his...600. Herb informs us, "The 600 was run quite a while before the 1000. I had about 3/4 hour rest before the two mile relay, whereas Art had at least two hours rest." That was probably Herb's finest day as a Master, hence the clarification.

PROFILE: We call him "Doc"...

He has also been called "The Magician." And many of us who have called on him for relief of our aches and strains can attest to that name. Charles "Doc" Turner was born in Brooklyn 82 years ago, though most people who encounter this feisty, agile gent with the cigar stub clamped firmly in his teeth might find that hard to believe.

Doc has been treating athletes in pain for 56 years. Twelve years before that he was a pretty fair runner himself, starting with the 220 and moving on up to the marathon. His last race before leaving for World War I was the Evening Mail Modified Marathon from Yonkers City Hall to New York City Hall. He won a time as well as a team prize.

Later he became a masseur, then a physical therapist in rehabilitation at New York Hospital. He became the trainer for the New York Pioneer Club at its inception in 1935. He was also trainer for the Renaissance Five Basketball Team which was all black but proved to be the feasibility test for the New York Knicks in the 1940's.

In 1944, Doc Turner went to China as an athletic consultant. There he learned the ancient practise of acupressure wherein nerves are pinched instead of poked. It is a cousin, possibly a forerunner of acupuncture. Doc says, "There are 26 main nerve points in the body. If you can get 16 you can go all over the body... I met Tuo Long in a hotel lobby in China. He had a bad back so I put my knee against his spine and pulled his arms back. He straightened up. Then he said, "You've got something I want." I found out he was into acupuncture and said, 'You've got something I want." So Doc took a course in acupuncture right at the source.

Back in the U.S. Doc used his techniques wherever he went. They were often impossible to describe but they worked. He functioned as trainer for Olympic teams and as adviser and consultant to such countries as France, Israel, Sweden, Egypt, Spain and Germany. He is naturally chagrined by the fact that the U.S. has not called on him for an Olympic team in 35 years.

Doc is now the official trainer for Long Island University and in his room underneath what was once the Brooklyn Paramount Theater he is likely to be called on by a pro basketball player or a sprinter from the Masters Sports Association who is hurting. And he is just as likely to receive a phone call for advice from a California baseball player, a Miami horseman, or the concerned parent of a track star from Chicago.

For the last three years, Doc Turner has been an advocate of the use of bee pollen both as a food supplement and as a poultice to reduce pain and swelling. He feels that he has achieved positive results despite the usual skepticism from the medical establishment. All he has are the endorsements and gratitude of athletes that he has helped to pursue their trades. Not to mention a short blurb in a recent issue of Playboy.

In addition to the L.I.U. teams, Doc is consultant to the Nets Basketball Team and the San Antonio Spurs Basketball Team. He has also worked with Giants Football Team.

Since receiving his degrees of Naturopath

Physician and Chiropractic at Pennsylvania Naturopath College in 1935, Doc has been an international lecturer, a Life Member of the Basketball Hall of Fame, the L.I.U. Hall of Fame, and he is in the Helms Foundation Hall of Fame. He was a recipient of the 25 Year Award of the National Trainers Association.

Best of all, Charles "Doc" Turner and his Ada have been married for over fifty years.

We could not finalize the use of St. Johns University facilities for the Atlantic Decathlon. There is still a possibility that it will be held with a time and place to be announced later.

Bob Fine advises that future Newsletter material may be published in one of the runner's magazines with perhaps more information and better service. Still, send along any comments or articles to:

James H. Ryan 115-40 203 Street Jamaica N Y 11412

John Popowich 24-11 23 Avenue Astoria, N. Y., 11105

Dinner Dance:

The Masters Sports Association plans to hold a fund raising Dinner Dance at the Terrace on the Park in Flushing Meadows. Right now the date seems set for Friday evening, November 18th. There will be a cocktail hour at 8 p.m. with dinner at 9. Attire is semi-formal and there will be a rolling bar throughout the evening. Tickets are \$25.00 per head. It is requested that no meets be scheduled for Saturday, November 19.

CANBERRA WILL HOST PACIFIC GAMES

The third two-day mini-Olympies with a full track and field program (except for 20 and 50 km walks, the pentathlon, decathlon, and marathon) is scheduled for December 3-4 of this year. (We have had no report as to inclusion of Masters events; so we shall assume that they are not part of the program.)

18,000 or more spectators are expected to enjoy the new multi-million dollar Bruce Stadium, with games to begin each day at 2 p.m. Ticket prices for reserved seats in the covered grandstand will run \$11 to \$9, with unreserved standing room going for \$3.30.

The 1969 opener of this series was held in Tokyo, while Toronto was the site in 1973.

Canberra, the capital city of Australia, is located about midway between Sydney and Melbourne in the gentle foothills of the Australian Alps. The totally-planned city, designed by American architect Walter Burley Griffin, was seventeen years in the building, and now has a people population of about 200,000 plus 8,000,000 trees.

If you should decide to visit Canberra for the Games in December, you will find lots of sunshine with weather in the low 80's in addition to many sights of interest.

With as few as ten persons travelling together we could come up with a neat package to the South Pacific which would be considerably less than individual fares ... so let us know if you might be interested.

You could return in time for the Hawaiian Marathon in Honolulu on December 11.

INTERESTED IN A MARDI GRAS MEET IN FEBRUARY?

The newly-formed Masters Division of the Baton Rouge Track Club is contemplating hosting an outdoor meet in Mardi Gras country next February and is soliciting response. The following is a letter from Dr. M.H. Williams outlining the idea. Please fill in the questionnaire and return to USMTT We will compile results and forward same.

Word has come from Trinidad-Tobago from Dr. Al Bobb that their Masters Program is also interested in promoting a Mardi Gras Meet. So you might like to include comments on one or the other meet plus information as to the length of time you would be able to allow for the excursion plus how many people would be involved.

Baton Rouge Track Club Masters Division

"We notice that most of the outdoor meets are held between the May to August season and during the Winter, track meets are driven indoors. We are in a near-tropical climate where we train outdoors the year round.

"We would like to make our contribution to the track schedule with an outdoor track meet during the Mardi Gras Festivities in February. This would give you an opportunity to compete on one of the nation's fastest tartan tracks—the Bernie Moore Track Stadium at Louisiana State University plus dormitory housing a few steps from the stadium at a nominal fee.

"You will be able to see the world-famous Mardi Gras and dance in the streets of New Orleans ... The cajun and creole dis-

hes may help you run a little faster.

"Let us know how you feel about an outdoor winter track meet in the balmy breezes of Louisiana. Please return the questionaire below."

PLEASE RETURN TO: HELEN L. PAIN, BOX 7823, SAN DIEGO, CA 92107
