

FOREWORD

Five years, I Think, since the start of the Veterismagazine did my friend Yohn Hayward publish his growing lists of veteran track and field results.

Last year I did a first attempt to build up in a similar way a list of women's performances, also published in Veteris.

It was then agreed to split up our tasks, but unfortunately Hayward was not able to publish our results in a way he thought appropriate. So I tried to cover the field both in women and men.

The sources for English (Burton), German (Reckemeier), Canadian (Farquarson) and Dutch (myself) results are as good as complete. No news from Asia and South America. Other information was from Veteris (England, USA) lists of the Australian and the European championships.

The German magazine Leichtathletik is very accurate on the European scene and the amazing booklet of agerecords by Pete Mundle is of enormous help.

Great acknowledgments go to mr J Koumans from Holland, who has given expert advice, has done resourcing whan asked and at last made de lists ready for printing.

The names of the countries are abbreviated according the system of the IAAF.

In the near future there will be a more elaborated system of co-operation in assembling results and compiling. Perhaps there is a change to begin an original WVAA magazine.

For this year 1979 you are friendly requested to send your national results, with ageclasses and birthdates if possible to

Gijs Knoppert
Roghorst 17
6708 KA WAGENINGEN
Holland.
